

AMAZON FIRE STICK: DEVICE SETUP GUIDE

Step #1: Unboxing your Amazon Fire TV Stick device

If you already have your Fire TV Stick connected to your television, please proceed to Step 3.

Open the Amazon Fire Stick package. In the box you will find, the Amazon Fire TV stick, a USB cable and power adapter, HDMI extender cable and two AAA batteries.

Note: your batteries might already be in your remote if a software update was recently done by your service provider.

To connect your Amazon Fire TV Stick to your television, connect the USB cable to the adapter and then the Fire TV Stick to a power outlet.

If you have a spare USB port on your TV, you can also power the device that way.

Next, plug in the HDMI connector from the Fire TV Stick into the HDMI port on your television.

Step #2: Setting up the Amazon Fire Stick

To start, you will need to turn on your TV using your TV remote and then power up the Fire Stick using the power button on the top left of the Fire Stick remote.

If you do not see the Amazon Fire Stick interface, you may need to select the appropriate input on your TV remote. (ex. HDMI 1 or 2)

*When you first power on your Fire TV Stick device, you may be asked to confirm your Wi-Fi network. Select your home Wi-Fi network with the select button (see image above for location ↑) on your remote, and use the on screen keyboard to input your password.

You may be asked to update your Amazon Fire TV stick. Follow the on screen prompts to ensure your device is up to date.
