

The book cover features a vibrant illustration of a space shuttle launching. The shuttle is white with a yellow-orange boosters section and is angled upwards towards the top left. A large, billowing plume of white smoke and fire surrounds the base of the shuttle. In the background, a tall, silver launch tower stands vertically. The sky is a deep blue with wispy white clouds. The title 'Applied Circuit Analysis' is written in a large, white, sans-serif font at the top. Below it, 'solution manual' is written in a smaller, red, sans-serif font. The authors' names are listed at the bottom in a small, white, sans-serif font. The spine of the book is visible on the right, showing a continuation of the launch scene and the title.
