Archaeology Of Domestic Architecture And The Human Use Of Space:

Archaeology of Domestic Architecture and the Human Use of Space Sharon R Steadman, 2016-06-16 This volume is the first text to focus specifically on the archaeology of domestic architecture Covering major theoretical and methodological developments over recent decades in areas like social institutions settlement types gender status and power this book addresses the developing understanding of where and how people in the past created and used domestic space It will be a useful synthesis for scholars and an ideal text for advanced undergraduate and graduate courses in archaeology and architecture The book covers the relationship of architectural decisions of ancient peoples with our understanding of social and cultural institutions includes cases from every continent and all time periods from the Paleolithic of Europe to present day African villages is ideal for the growing number of courses on household archaeology social archaeology and historical and vernacular architecture **The Archaeology of Nucleation in the Old World** Attila Gyucha, Roderick B. Salisbury, 2022-05-31 Fourteen papers take advantage of advances in archaeological methods and theory to explore the role of the built environment in expressing and shaping community organization and identity at prehistoric and historic nucleated settlements and early cities in the Old World **Ancient Andean Houses** Jerry D. Moore, 2021-12-14 In an extensive survey of vernacular architecture from across the entire length of the Andes this book explores the diverse ways ancient peoples made houses the ways houses re create culture and new perspectives and methods for studying houses **The Ancient Israelite World** Kyle H. Keimer, George A. Pierce, 2022-10-27 This volume presents a collection of studies by international experts on various aspects of ancient Israel s society economy religion language culture and history synthesizing archaeological remains and integrating them with discussions of ancient Near Eastern and biblical texts Driven by theoretically and methodologically informed discussions of the archaeology of the Iron Age Levant the 47 chapters in The Ancient Israelite World provide foundational accessible and detailed studies in their respective topics The volume considers the history of interpretation of ancient Israel studies on various aspects of ancient Israel s society and history and avenues for present and future approaches to the ancient Israelite world Accompanied by over 150 maps and figures it allows the reader to gain an understanding of key issues that archaeologists historians and biblical scholars have faced and are currently facing as they attempt to better understand ancient Israelite society The Ancient Israelite World is an essential reference work for students and scholars of ancient Israel and its history culture and society whether they are historians archaeologists or biblical scholars Valences of Historiography Gevork Hartoonian, 2024-12-30 The compiled essays offer various themes and ways of approaching historiography Each chapter probes the state of contemporary theorization of architecture histories working toward the theme of critically re writing history Essential to each author s contribution are specific traditions created by the mole of history burrowing through the past This book concerns the historian s conjectures towards capturing the past and present zeitgeist Temporality is the theme running through the narrative of this volume It

raises the question of whether the ever growing body of work on architectural history should be considered as history More specifically what is the intersection between history and architectural history Furthermore can every text focused on architecture s past be considered categorically historiographic In what capacity does architectural history index history beyond contingencies and without reducing the text to empirical realities and the historian s interest in a specific subject including those collected through archival research itself an emblem of textuality This book upholds the conviction that the past should be recalled accurately and that there is no history but historical criticism the scope of which exceeds the historicity of Humanism Dialectically the timeline experienced across contemporary techno economic and cultural domains aesthetics offers an opportunity to explore architecture produced outside the Euro American continents Valences of Historiography offers a fresh take on architectural history that is useful for academics researchers and architecture students
