Bank Guarantees in International Trade: The Law and Practice of Independent (First Demand) Guarantees and Standby Letters of Credit in Civil Law and Common Law Jurisdictions Roeland I. V. F. Bertrams, 1996-04-29 A number of practical implications and issues can arise in the daily functioning of independent first demand guarantees and standby letters of credit Bank Guarantees in International Trade provides a comprehensive highly readable study of the legal and practical aspects and implications of these instruments

broadening the reader's understanding of the law on the subject. This work comprises all reported case law from the Netherlands, Germany, France, The United Kingdom, and Belgium, and also takes into account the law in certain other European countries. And in The United States, it examines the governing law of bank guarantees in numerous regions, particularly within the Middle East and North Africa. The Appendix includes, among other materials, the text of the 1992 ICC Uniform Rules for Demand Guarantees, the 1995 UNCITRAL Convention, and many sample texts. Its transnational perspective enhances the value of this work, making it useful in other jurisdictions. This second edition contains thoroughly revised, updated, and amended material which reflects new developments in the law and changing patterns in practice and accounts for the introduction of new techniques and problem areas. Bankers and lawyers in particular will find *Bank Guarantees in International Trade* an insightful and informative work. Vincent Felix Bertrams, 1990.

A Guide to Financing Mechanisms in International Business Transactions Sang Man Kim, 2019-09-04. This book outlines features of international business transactions and discusses their various associated risks. For the successful completion of an international business transaction depending on its terms, both parties need access to funds. This text deals with financing mechanisms mainly in the international sale of goods and in overseas construction projects. Concerning financing international sale of goods, it discusses export working capital financing, documentary credit negotiation, bills of exchange, export factoring, and international forfaiting. Concerning financing an overseas construction project, this book discusses supplier and buyer credit, project finance, syndicated loans, and independent guarantees or standby letters of credit. The book also covers export credit insurance or export credit guarantee, which is very useful for the facilitation of financing in the international sale of goods and in overseas construction projects.
