Payne,2014-08-20 People are asking me now What is your book about There is no snappy answer to set the record straight It concerns how one slowly breathes in the perspective of an artist in this case a photographer It took me a bit of time to assemble the reality of how my mistakes taught me Another aspect was keeping me in tune with artistic inclination or thinking like an artist These elements were in no hurry to get my attention either It came to me that hurrying these inner guides were only going to irritate them If that happened one or more of these voices would just evaporate they weren t really using words and paragraphs anyway I introduced a focus to the whole mix The surface of the lake was my subject which entailed needing a constant awareness of light conditions wind and colors around the edges of the lake and out on the water at most times of the day People on the shore asked Why are you taking photographs of the water So as the New England summers melted into foliage fests the shape and mixture of colors on the surface of this large gangly pond brought my attention to the possibilities of mixing light color and the unexpected conditions suitable for capturing abstract shapes Much of my learning hinged around a grumbly pontoon boat and its wakes These were watery tails which liked the interplay of colors from a gaudy sunset It was my job to make a decent record of how the sky colors refreshed into watercolors as the waves left temporary troughs behind for my adolescent efforts at creating water art Saturday Review of Literature ,1929 **The Boy's Yearly Book** ,1863 *The Indiana Farmer* ,1915 **Notes and Queries** ,1920 **Kimball's Dairy Farmer** ,1915 **A Catalogue of Books Printed in England Since the Dreadful Fire of London, 1666 to the End of Michaelmas Term, 1695** Robert Clavell,1696 Bazaar Exchange and Mart, and Journal of the Household ,1877 **Comparable Sales Book** ,2001
