

Step 7

Mascara

Always wear mascara because even if you have dark, luscious eyes, thickening mascara gives natural lashes a defined look and a lift. If you have a sparse full set, the mascara will add definition and will prevent fraying when styling and brushing mascara. There's no wrong way to apply mascara. If you want a long-lasting look, let it dry before you touch it.

When applying mascara, hold the brush over your eye and wiggle it from the base of the lashes to the tips. Wiggle the wand to coat all segments of the lashes and give a change. Repeat application to both eyes.

If you choose to curl the lashes, do so before applying mascara. Curling before, after applying mascara can break the lashes.

The thick mascara makes the most impact. Repeat brush for a better look.

Step 8

Blush

Always add a natural shade of blush to the apples of cheeks. Blend up toward the hairline, down toward the under-lip area.

For long-lasting results, have a mix of long-lasting and soft.

For extra glow, first, a shimmer powder on the cheekbones with a few blusher brush, or use a shiny blusher applied with your fingers.

For a glow off your powder blush from your face, just before applying. If it seems to light up, mix the light blusher with the shimmering color and wash your face.

For a more intense look is a good option for the skin.

To add a warm tone to skin, use a blusher on areas where the sun normally hits the face—cheeks, forehead, nose, and chin.

Step 9

Lipstick

Start with clean, smooth lips.

Several lipstick shades and about lipstick can be applied directly from the tube. Use a lip brush to apply lipstick in light strokes, which require gentle application.

For a more subtle effect that is a gentle wash of color, use a light shade. The more the color, the more intense the color.

For a more intense look, choose light to medium shades and use a dark shade for a more intense effect.

Step 10

Lip Liner

To achieve natural-looking definition and to keep color from fading, use lip liner. A lip liner also helps to define the lips and make the color and shape of the lips.

To achieve a more defined look, use a lip liner. Use a lip liner to define the lips and make the color and shape of the lips.
