Boccaccio Decameron Landmarks Of World Literature:

Boccaccio: Decameron David Wallace, 1991-08-30 In Boccaccio's innovative text ten young people leave Florence to escape the Black Death of 1348 and organize their collective life in the countryside through the pleasure and discipline of story telling David Wallace guides the reader through their one hundred novelle which explore both new and familiar conflicts from private and public spheres of life with unprecedented subtlety urgency and humour He emphasises the relationship between Decameron and the precocious vitality of Florentine culture in Boccaccio's time He also discusses gender issues and the influence of the text particularly on Chaucer and the novel The Decameron and the Canterbury Tales Leonard Michael Koff, Brenda Deen Schildgen, 2000 That resistance informed by a model of literary influence grounded on the idea of interruption would keep the Canterbury Tales away from the Decameron though not the rest of Chaucer from other works by Boccaccio In the end of course that resistance tells us more about Chaucer's reception since the fifteenth century than about Chaucer himself or his sources **BOOK JACKET** Water in Medieval Literature Albrecht Classen, 2017-08-15 Ecocritical thinking has sensitized us more than ever before to the tremendous importance of water for human life as it is richly reflected in the world of literature The great relevance of water also in the Middle Ages might come as a surprise for many readers but the evidence assembled here confirms that also medieval poets were keenly aware of the importance of water to sustain all life to provide understanding of life's secrets to mirror love and to connect the individual with God In eleven chapters major medieval European authors and their works are discussed here taking us from the world of Old Norse to Irish and Latin literature to German French English and Italian romances and other narratives

Dictionary of World Biography Frank Northen Magill, Alison Aves, 1998 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography

English and Italian Literature From Dante to Shakespeare Robin Kirkpatrick, 2014-07-15 This is the first comprehensive critical comparison of English and Italian literature from the three centuries from Dante to Shakespeare It begins by examining Chaucer's relationship with Dante Petrarch and Boccaccio and then looks at similar relationships within the areas of humanist education lyric poetry the epic theatrical comedy the short story and the pastoral drama It provides a detailed comparison of major works from both traditions including descriptive and critical readings of Italian works It shows why English writers valued such works and demonstrates the ways in which they departed from or tried to outdo the Italian original Assuming no prior knowledge of Italy or Italian literary history this book introduces the student and general reader

to one of the most important and fascinating phases in European literary history The Decameron First Day in Perspective Elissa B. Weaver, 2004-12-15 Giovanni Boccaccio's Decameron is the best known and most read work in Italian literature next to Dante's Divine Comedy In the tradition of *Lectura Dantis* the practice of story by story critical readings of Dante's work Elissa Weaver has collected essays from some of the most prominent American Boccaccio scholars to provide critical readings of the Decameron Proem Introduction and the ten stories that constitute the first of the ten days of storytelling The first of the twelve essays opens the volume with a consideration of the Proem demonstrating the importance of Boccaccio's literary subtexts Ovidian and Dantean for understanding his poetics The second essay on the Introduction discusses the title of the work and the framing tale The remaining ten contributions treat in detail each story examining the literary ethical and social concerns embodied in the short narratives and in the context provided by the comments and discussions of the story tellers and exploring the intertextual relations within the Decameron and with sources and analogues This inaugural book in a new series of critical essays on the Decameron will provide an important guide to reading the complex series of narratives that constitute the opening of the Decameron and will serve as a guide to reading the entire work *Dante, Eschatology, and the Christian Tradition* Lydia Yaitsky Kertz, Richard K. Emmerson, 2024-01-29 Dante Eschatology and the Christian Tradition honors Ronald B. Herzman SUNY Geneseo Distinguished Teaching Professor of English Over more than fifty years Professor Herzman has been a major force in the promotion of medieval studies within academe and public humanities This volume of essays by his colleagues students and friends celebrates Professor Herzman's outstanding career and reflects the wide range of his scholarly and pedagogical influence from biblical and early Christian topics to Dante Langland and Shakespeare The Italian Novella Gloria Allaire, 2014-01-21 The novella was an important medieval and Renaissance prose narrative form that developed out of exempla and didactic literature and contributed to modern narrative forms This is the first collection of essays dedicated to comprehensive scholarship on the Italian novella The essays range from work on the Decameron the epitome of the genre to studies of sixteenth century authors who often utilized transgressive or sexual themes in their novellas **Toleration and Tolerance in Medieval European Literature** Albrecht Classen, 2018-03-05 *Toleration and Tolerance in Medieval European Literature* aims to examine and unearth the critical investigations of toleration and tolerance presented in literary texts of the Middle Ages In contrast to previous approaches this volume identifies new methods of interpreting conventional classifications of toleration and tolerance through the emergence of multi level voices in literary religious and philosophical discourses of authorities in medieval literature Accordingly this volume identifies two separate definitions of toleration and tolerance the former as a representative of a majority group accepts a member of the minority group but still holds firmly to the belief that s/he is right and the other entirely wrong and tolerance meaning that all faiths convictions and ideologies are treated equally and the majority speaker is ready to accept that potentially his/her position is wrong Applying these distinct differences in the critical investigation of interaction and

representation in context this book offers new insight into the tolerant attitudes portrayed in medieval literature of which regularly appealed influenced and shaped popular opinions of the period Sea of Literatures Angela Fabris,Albert Göschl,Steffen Schneider,2023-12-18 Mediterranean studies flourish in literary and cultural studies but concepts of the Mediterranean and the theories and methods they use are very disparate This is because the Mediterranean is not a simple geographical or historical unity but a multiplicity a network of highly interconnected elements each of which is different and individual Talking about Mediterranean literature raises the question of whether the connectivity of Mediterranean literature can or should be limited in some way by constructing an inside and an outside of the Mediterranean What kind of connectivity and fragmentation do literary texts produce how do they build and interrupt references to the real to fictional forms of representation to history but also to other texts and discourses how do they create and deny communication and how do they engage with and reflect literary and non literary concepts of the Mediterranean These and other questions are considered and discussed in the over twenty contributions gathered in this volume
