Bodily Matters Bodily Matters:

Bodily Matters Nadja Durbach, 2005 DIV Considers the Victorian anti vaccination movement in the context of debates over citizenship parental rights class politics the significance of bodily integrity the control of contagious disease and state access to the bodies of both adult and infant div **Body Matters** Sue Scott, David Morgan, 2004-08-02 Focusing on the sociological embodiment of various social actors the authors consider the subsequent links with the constraints of daily life i e the male body female therapists body builders marital and sexual counsellors sex workers They present recent or new research findings on aspects of the body variants from what is conventionally seen as natural and consider and question aspects of self image versus society s expectations A number of developments in discussions of the body on such topics as feminist thought the study of health and illness and cultural theory are presented as a series of essays which demonstrate the variety of interests mentioned The book is aimed at undergraduates postgraduates students and lecturers in sociology cultural studies women s and gender studies *Body Matters* Luci Attala, Louise Steel, 2019-05-01 *Body Matters* approaches the material world directly it seeks to remind people that they are the matter of their bodies This volume offers an assortment of contributions from anthropology archaeology and medieval studies with case studies from northern Europe the Near East East Africa and Amazonia which variously draw attention to the multiple shifting materials that comprise impact upon and co create human bodies This lively collection foregrounds myriad material influences interacting with and shaping the human body the chapters come together to illustrate the fundamental fleshy bony suppurating leaky and oozing physicality of being human Ultimately by reminding readers of their indisputable materiality *Body Matters* seeks to draw people and the rest of the material world together to illustrate that bodies not only seep into and are part of the landscape but equally that people and the material world are inextricably co constitutive *Body Matters* Avril Horner, Angela Keane, 2000 Why do bodies matter *Body Matters* is a collection of essays by feminists working in literary and cultural studies which addresses this question from a range of theoretical perspectives *Personal Matters* Lingzhen Wang, 2004 This book studies identity formation and transformation in twentieth century China by focusing on women s autobiographical writing

The Body Lisa Blackman, 2021-06-21 Thoroughly updated and revised throughout with brand new chapters on affective bodies indeterminate bodies assemblaged bodies and a new conclusion and featuring essay and classroom questions for classroom use *The Body* Key Concepts Second Edition presents a concise and up to date introduction to and analysis of the complex and influential debates around the body in contemporary culture Lisa Blackman outlines and illuminates those debates which have made the body central to current interdisciplinary thinking across the arts humanities and sciences Since body studies hit the mainstream it has grown in new regions including China and moved in new directions to question what counts as a body and what it means to have and be a body in different contexts milieu and settings Lisa Blackman guides the reader through socio cultural questions around representation performance class race gender disability and sexuality to

examine how current thinking about the body has developed and been transformed Blackman engages with classic anthropological scholarship from Nancy Scheper Hughes and Margaret Lock revisits black feminist writings from the 1980s as well as engaging with recent debates thought and theorists who are inventing new concepts methods and ways of apprehending embodiment which challenge binary and dualistic categories It provides an overview of the proliferation of body studies into other disciplines including media and cultural studies philosophy gender studies and anthropology as well as mapping the future of body studies at the intersections of body and affect studies

Summa Theologiae, Prima Pars: Volume 3, Human Beings and God's Governance of Creation, QQ 75-119 Thomas Aquinas, Thomas de Vio Cajetan, 2023-06-23 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers

The Physics of the Paranormal Kenneth W. Behrendt, 2003-01-24 The Physics of the Paranormal is one of the few books in existence that actually explores in depth the physical mechanisms that may be in operation when various paranormal events occur In order to provide these revolutionary insights the author applied several concepts derived from his lifelong research into UFO propulsion and secondary effects The application of these new physical principles to the paranormal reveals a fascinating unity in the mechanism in operation behind such apparently diverse phenomena as mental photography psychokinesis the Geller effects bodily transfigurations and miracle cures Based on some of the authors own experiences with telepathy the book also explores this phenomenon as well as its role in the process of reincarnation This book is not a compendium of case histories It focuses on selected cases and seeks to provide the serious student of the subject with a conceptual framework that will guide future paranormal research well into the twenty first century

The Enneads: Psychic and physical treatises, comprising the 2d and 3d Enneads Plotinus, 1921 Childhood, Youth and Emotions in Modern History Stephanie Olsen, 2015-10-06 Childhood Youth and Emotions in Modern History is the first book to innovatively

combine the history of childhood and youth with the history of emotions combining multiple national colonial and global perspectives
