Bruce Jenner Interview With Diane Sawyer Youtube:

Thanks for Watching Patricia G. Lange, 2019-11-15 YouTube hosts one billion visitors monthly and sees more than 400 hours of video uploaded every minute. In her award-winning book *Thanks for Watching*, Patricia G. Lange offers an anthropological perspective on this heavily mediated social environment by analyzing videos and the emotions that motivate sharing them. She demonstrates how core concepts from anthropology—participant observation, reciprocity, and community—apply to sociality on YouTube. Lange's book reconceptualizes and updates these concepts for video-sharing cultures. Lange draws on 152 interviews with YouTube participants at gatherings throughout the United States, content analyses of more than 300 videos, observations of interactions on and off the site, and participant observation. She documents how the introduction of monetization options impacted perceived opportunities for open sharing and creative exploration of personal and social messages. Lange's book provides new insight into patterns of digital migration, YouTube's influence on off-site interactions, and the emotional impact of losing control over images. The book also debunks traditional myths about online interaction, such as the supposed online/offline binary, the notion that anonymity always degrades public discourse, and the popular characterization of online participants as over-sharing narcissists. YouTubers' experiences illustrate fascinating hybrid forms of contemporary sociality that are neither purely mediated nor sufficient when conducted only in person. Combining intensive ethnography, analysis of video artifacts, and Lange's personal vlogging experiences, the book explores how YouTubers are creating a posthuman collective characterized by interaction, support, and controversy. In analyzing the tensions between YouTubers' idealistic goals of sociality and the site's need for monetization, *Thanks for Watching* makes crucial contributions to cultural anthropology, digital ethnography, science and technology studies, new media studies, communication, interaction design, and posthumanism. For its perceptive analysis of video blogging for self-expression and sociality, *Thanks for Watching* received the Franklyn S. Haiman Award for Distinguished Scholarship in Freedom of Expression 2020 from the National Communication Association.

Current Critical Debates in the Field of Transsexual Studies Oren Gozlan, 2018-03-13 *Current Critical Debates in the Field of Transsexual Studies* introduces new thinking on non-conforming gender representation, addressing transsexuality as a subjective experience that highlights universal dilemmas related to how we conceive identity and exploring universal questions related to gender, its objects, objections, and obstacles. This book seeks to disassemble prejudicial orientations to the challenges and the everydayness of transsexuality and build new understanding and responses to issues including medical biases, the problem of authenticity, and the agency of the child. Oren Gozlan leads an examination of three central pressures: transformation of a medical model, the social experience of becoming transgender, and the question of self-representation through popular culture. The chapters reframe several contemporary dilemmas, such as authenticity, pathology, normativity, creativity, the place of the clinic as a problem of authority, the unpredictability of sexuality, the struggle with limits of knowledge, a demand for intelligibility, and desire for certainty. The

contributors consider sociocultural theoretical therapeutic and legal approaches to transsexuality that reveal its inherent instability and fluidity both as concept and as experience They place transsexuality in tension and transition as a concept as a subject position and as a subjectivity The book also reflects the way in which political and cultural change affects self and other representations of the transsexual person and their others asking how does the subject metabolize the anxieties that relate to these transformations and facilitations How can the subject respond in contexts of hostility and prohibition Offering a much needed interdisciplinary exploration Current Critical Debates in the Field of Transsexual Studies will appeal to psychoanalysts and psychotherapist as well as psychologists and scholars of gender studies cultural studies and sociology
