Beyond The Adversarial System Beyond The Adversarial System:

Parker and Evans's Inside Lawyers' Ethics Vivien Holmes, Francesca Bartlett, 2023-05-04 Parker and Evans's *Inside Lawyers Ethics* provides a practical and engaging introduction to ethical decision making in legal practice in Australia. Underpinned by four theoretical concepts: adversarial advocacy, responsible lawyering, moral activism, and ethics of care, this text analyses legal and professional frameworks highlighting relevant parts of the Australian Solicitors Conduct Rules. Case studies and discussion questions offer contemporary practical examples of the application of ethics. The book also addresses the challenge of ethical action and offers techniques to deal with ethical conflicts. This edition has been comprehensively updated and discusses the implications of advances in legal technology, mental ill health in the profession, and the complexities of government legal practice. A new chapter covers lawyers' ethical obligation to address the legal challenges posed by climate change. Written by an expert author team, Parker and Evans's *Inside Lawyers Ethics* empowers readers to identify ethical challenges and resolve them through good decision making practices. *The American Courts* Jeffrey Jenkins, 2011-04-21 Courtrooms are often lively places and what occurs in them has a profound impact on the functioning of our democracy. *The American Courts: A Procedural Approach* offers readers a thorough understanding of the United States court system by exploring the procedural aspects of the law. The rules of both criminal and civil procedure, how they are applied, and their influence on decision making in the courts are thoroughly examined. This text is ideal for undergraduate and introductory graduate criminal justice, legal studies, and government programs. *Inside Lawyers' Ethics* Christine Parker, Adrian Evans, 2013-11-01 *Inside Lawyers Ethics* is a lively and practical values-based analysis of the moral dilemmas that lawyers face. It gives lawyers the confidence to understand and actively improve their ethical priorities and behaviour when confronted with major ethical challenges. It identifies the applicable law and conduct rules and analyses them in the context of four different types of ethical lawyering: zealous advocacy, responsible lawyering, moral activism, and the ethics of care. This new edition is fully updated with a new chapter on confidentiality and new case studies and review questions. This edition also contains a self-assessment instrument designed to allow readers to recognise the type of lawyering that most appeals to them. *Inside Lawyers Ethics* promotes self-awareness and offers a positive and enriching approach to problem solving rather than one based on the 'don't get caught' principle. It is essential reading for students of law and newly qualified legal practitioners. **The Law of Pre-Trial Criminal Procedure in Namibia** Mapaure, Clever, Ndjodi, M.L., 2016-01-29 The Namibian Constitution entrenches fundamental rights and freedoms and provides for their vertical and horizontal application in any criminal process. However, since Independence in 1990, Namibia has developed its own criminal jurisprudence. Criminal procedure and law are taking new shape. Namibian courts have pronounced on criminal issues and legislation has been passed to keep up with the demands, aspirations, spirit, and vision of the Namibian Constitution and its people. CLEVER MAPAURE, NDJODI NDEUNYEMA, PILISANO MASAKE, FESTUS WEYULU, and LOIDE SHAPARARA have

written an invaluable book that deals with these developments. It explains the rights of individuals, the duties of law enforcement officers and the procedures of the courts in criminal cases. *The Law of Pre Trial Criminal Procedure in Namibia* introduces readers to the fundamental principles and values underlying Namibian criminal law through a systematic examination of the provisions of the Criminal Procedure Act 1977 Act No 51 of 1977 as amended, which was originally passed by the legislature of South Africa and still regulates criminal procedure in Namibia, the amendments to it since 1990 and relevant Namibian Case Law. The book captures and discusses the law relating to the pre trial criminal process in Namibia in detail from the roles of the prosecutor and the police, search, seizure and forfeiture, interrogation, notices and summons, arrest, court appearance, bail, criminal charges, disclosure, diminished capacity, right to assistance, to pleas and plea bargaining.

Beyond the Adversarial System Helen Stacy, Michael Lavarch, 1999. Australia is presently seeking to streamline its civil justice system. It is popular folklore that the Australian civil justice system is inaccessible to ordinary people as it is expensive, slow and complex. The reasons for these alleged failings are attributed to various causes such as arcane and inefficient judicial practices, money hungry lawyers or more fundamentally to the very underpinnings of civil litigation, adversarialism. This volume confronts this folklore. It provides perspectives about civil justice from its major user and funding source, government, and the group of Australians who have used it the least and feel most alienated from the system, indigenous Australians. It explores the insights of those who work with adversarialism day in and day out, judges and lawyers, and reveals both defenders and strident advocates for change. Finally, it steps back and gives an outsider's view of Australian adversarialism from those with knowledge of a sister system in the United States. *Litigation* Wilfrid R. Prest, Sharyn L. Roach Anleu, 2004. Litigation does not have a good press; in fact, it is usually viewed very negatively. Rates of litigation in Western countries are claimed to be spiralling beyond control, and this is said to indicate a fundamental crisis in contemporary Western societies. *Litigation: Past and Present* sheds some much needed light on these views by examining actual patterns of litigation, both historical and contemporary, and considering the many ways in which courts provide strategies for social change and social justice. Topics surveyed include the long range recording of litigation rates, the social uses of legal action, the effectiveness of procedural reforms in reducing litigation, and the impact of legal proceedings and activism on Indigenous rights and on marriage and family issues. Litigation and its impact are too often discussed in excessively rhetorical and pragmatic terms. This volume, with contributions from internationally recognised scholars, adds much needed empirical research and theoretical perspectives to the discussion. **Inside and Outside Canadian**

Administrative Law David J. Mullan, 2006-01-01. The rise to prominence of administrative law in the second half of the twentieth century is often remarked upon as the greatest legal development of the period. In this process, there has been considerable borrowing of ideas and learning from experiences elsewhere in the common law world. This volume brings together administrative law scholars and judges from around the globe to address important issues in the field and to honour

the career of one of the leading administrative lawyers in the Anglo Commonwealth world Professor David Mullan Editors Grant Huscroft and Michael Taggart have identified the broad themes in Mullan s work procedural fairness scope of review and deference the interrelationship of administrative law and human rights the legitimacy of state regulation and tribunal adjudication common law comparativism and invited contributions on those themes from leading scholars in Canada the United Kingdom Australia South Africa and the United States A fitting tribute to a great scholar Inside and Outside Canadian Administrative Law will prove fascinating to students teachers and practitioners of administrative law as well as policy makers and political scientists Social Psychology of Punishment of Crime Margit E. Oswald,Steffen Bieneck,Jorg Hupfeld-Heinemann,2015-06-15 In recent years research interest has increased both in the needs of punishment by the public and in the psychological processes underlying decisions on sentencing This comprehensive look at the social psychology of punishment focuses on recent advances and presents new findings based on the authors own empirical research Chapters explore the application of social psychology and social cognitive theories to decision making in the context of punishments by judges and the punitiveness of laymen The book also highlights the different legal systems in the UK US and Europe discussing how attitudes to punishment can change in the context of cultural and social development
