Porras, 2011-08-30 Fundamentally altering the way executives think about long term success Built to Last has become a bible among CEOs and managers at prestigious corporations the world over Using examples from such companies as Wal Mart 3M P they can sustain a sense of cultism create BHAGs big hairy audacious goals and use unplanned progress to be successful year after year a This new edition features an introduction by the authors describing what they ve learned since the original publication about how their findings apply to international settings nonprofits corporations in need of transformation and making predictions for the future *Jim Collins' Built to Last* Ant Hive Media, 2016-04-17 This is a Summary of Jim Collins and Jerry Porras Built To Last Successful Habits of Visionary Companies Drawing upon a six year research project at the Stanford University Graduate School of Business James C Collins and Jerry I Porras took eighteen truly exceptional and long lasting companies and studied each in direct comparison to one of its top competitors They examined the companies from their very beginnings to the present day as start ups as midsize companies and as large corporations Throughout the authors asked What makes the truly exceptional companies different from the comparison companies and what were the common practices these enduringly great companies followed throughout their history Organized into a coherent framework of practical concepts that can be applied by managers and entrepreneurs at all levels Built to Last provides a master blueprint for building organizations that will prosper long into the 21st century and beyond Available in a variety of formats this summary is aimed for those who want to capture the gist of the book but don t have the current time to devour all 368 pages You get the main summary along with all of the benefits and lessons the actual book has to offer This is a summary that is not

intended to be used without reference to the original book The Great Disruption The Economist, Adrian Wooldridge, 2015-06-02 The Great Disruption is a collection drawn from Adrian Wooldridge's influential Schumpeter columns in The Economist addressing the causes and profound consequences of the unprecedented disruption of business over the past five years The Great Disruption has many causes The internet is spreading faster than any previous technology Emerging markets are challenging the west's dominance of innovation as well as manufacturing Clever management techniques such as frugal innovation are forcing companies to rethink pricing Robots are advancing from the factory floor into the service sector But these developments are all combining together to shake business life and indeed life in general to its foundations The Great Disruption is producing a new class of winners many of whom are still unfamiliar Asian has more female billionaires and CEOs than Europe for example It is also producing a growing class of losers old fashioned universities that want to continue to operate in the world of talk and chalk companies that refuse to acknowledge that competition is now at warp speed and business people who think that we still live in the world of company man It is forcing everybody to adapt or die workers realize that they will have to jump from job to job and indeed from career to career and institutions realize that they need to remain adaptable and flexible The Great Disruption is all the more testing because it coincides with the Great Stagnation The financial crisis has not only reduced most people's living standards in the west It has also revealed that the boom years of 2000-2007 were built on credit individuals and governments were borrowing money to pay for lifestyles that no longer had any real justification Employees are having to cope with unprecedented change at a time when they are also seeing their incomes flat or declining Companies are having to respond to revolutionary innovations even as they are seeing their overall markets contract We are all having to run faster in order to stay in the same place This book begins with a long introduction explaining the thesis of the book and setting it in a broad historical context It will also introduce readers to Joseph Schumpeter and explain why his ideas about creative destruction are particularly valuable today Leading to Greatness Jim Reid, 2022-03-01 Leading to Greatness is a hands on how to leadership development program designed to guide leaders to self and organizational excellence By applying five core leadership principles top level executives will be primed to take their organizations and teams into the future Principle 1 Define a crystal clear understanding of values and purpose and never deviate Principle 2 Recognize core strengths and align them with passion Principle 3 Identify and engage the right people and get them in the right seats no leader excels at everything Principle 4 Learn to manage energy not time to become fully engaged in life and thus leadership Principle 5 Develop a consistent inner discipline to achieve exceptional results Author Jim Reid combines his decades of top level leadership and coaching experience with the best research and science available to deliver to leaders a practical and actionable plan that when consistently applied in one's life becomes a transformative experience Part guidebook part workbook and part work study Leading to Greatness delivers proof of concept of Reid's program through detailed case studies from level 5 leaders across North America The stunning results speak for

themselves If you are looking to take your performance and the performance of your team to the next level look no further Leading to Greatness is your ultimate tool for exceptional results and sustained success **SUMMARY: Jim Collins Built to Last Summary** Collins Publishers, Frank Collins, 2017-12-06 This is a summary of Jim Collins and Jerry Porras book Built to Last Here you will learn about the six years studying exceptional companies visionary companies to see what accounts for their success What are visionary companies They are the premier organizations in their field firms that have a long record of having an impact on the world Ford Sony Procter Gamble Merck Motorola Johnson Johnson These are companies that have distinguished themselves as a special and elite breed of institution And with an average founding date of 1897 and stock return performance of fifteen times the general market since 1926 they are companies that have stood the test of time Don't have time to read the whole book then this Summary is for you **Entrepreneurial Leap, Updated and Expanded**
