Builtlean Exercise Guide:

Long Live You! Jane Michael, 2015-03-03 Everyone reaches a place in life where concerns or conflicts have raised hurdles either low or high in their path. It can be easy to lose your footing during life's most challenging times. Obstacles such as health issues, financial concerns, and family troubles, as well as life-changing events such as marriage, divorce, new careers, relocating, and even the death of a loved one, can leave us feeling off balance and without focus or hope. Renowned radio host and health, fitness, and beauty expert Jane Wilkens Michael's *Better Than Before* program is designed to help you get your life back on track, no matter what it is that's pulling you astray. With nine achievable rungs covering the most important aspects of physical and emotional wellness, *Long Live You!* will motivate and inspire you to live your life to the fullest. Whether you're hoping to make positive health decisions, improve your emotional well-being, establish a support system, find your creativity, reconnect with your spirituality, or simply give something back to your community and the world, Jane Wilkens Michael will help you realign your life and discover your *Better Than Before*. **Testosterone: A Man's Guide** Nelson Vergel, 2010

There are several testosterone books available. However, what makes this one so different is that it is written by Nelson Vergel, Founder of ExcelMale.com and DiscountedLabs.com, a chemical engineer and 37-year HIV and cancer survivor that discovered in 1993 that testosterone could save him from wasting syndrome and death. Since then, he has been his own lab rat as he worked with research groups, doctors, compounding pharmacies, and pharmaceutical companies to evaluate all available testosterone replacement therapy (TRT) options: gels, injections, pellets, orals, etc., as well as products to reverse and minimize side effects of testosterone, HCG, anastrozole, and others. Nelson fully explains myths and misconceptions surrounding testosterone. After reading this book, you will know: If you have low testosterone blood levels, what your best TRT option is more suitable for you; if you need one; how to avoid the main mistakes that men make when using TRT; how to identify and treat potential side effects before they become a problem; how to talk to your doctor about getting TRT or how to find a doctor who prescribes testosterone; what foods and medicines can lower your testosterone; the truth about non-prescription testosterone boosters; how to apply for financial assistance from testosterone manufacturers; what compounding pharmacies are and how they can customize TRT options for you. To stay updated on the subject, register on the author's site ExcelMale.com and check his affordable lab test company DiscountedLabs.com and his many videos on the [ExcelMale](https://www.youtube.com/channel/UC...) youtube channel. **Shut Up and Train!** Deanne Panday, 2013-12-10
