Business Being Made Temporalities Psychoanalysis Ebook

H Kauffman

Business Being Made Temporalities Psychoanalysis Ebook:

The Business of Being Made Katie Gentile, 2015-12-22 The Business of Being Made is the first book to critically analyze assisted reproductive technologies ARTs from a transdisciplinary perspective integrating psychoanalytic and cultural theories It is a ground breaking collection exploring ARTs through diverse methods including interview research clinical case studies psychoanalytic based ethnography and memoir Gathering clinicians and researchers who specialize in this area this book engages current research in psychoanalysis sociology anthropology philosophy and debates in feminist queer and cultural theory about affect temporality and bodies With psychoanalysis as its fulcrum The Business of Being Made explores the social constructions and personal experiences of ARTs Katie Gentile frames the cultural context exploring the ways ARTs have become a complex form of playing with time attempting to manufacture a hopeful future in the midst of growing global uncertainty The contributors then present a range of varied experiences related to ARTs including Interviews with women and men undergoing ARTs A psychoanalytic memoir of male infertility Clinical research and work with transgender gay and lesbian patients creating new Oedipal constellations the experiences of LGBTQ people within the medical system and the variety of families that emerge Research on the experiences of egg donors now central to the business of ARTs and a corresponding clinical case study of successful egg donation The experiences of ongoing failure which is the often unacknowledged for ART procedures How and when people choose to stop using ARTs A psychoanalytic ethnography of a neonatal intensive care unit populated in part with the babies created through these technologies and their parents haggard and in shock after years of failed attempts Full of original material The Business of Being Made conveys the ambivalence of these technologies without simplifying their complicated consequences for the bodies of individuals the family cultures and our planet This book will be relevant to clinicians medical and psychological personnel working in assisted reproductive technologies and infertility as well as academics working in the fields of sociology literature queer and feminist theories and at the intersections of cultural critical and psychoanalytic theories

Relational Psychoanalysis and Temporality Neil J. Skolnick, 2019-07-05 Includes a foreword by Nancy McWilliams In Relational Psychoanalysis and Temporality Neil J Skolnick takes us on a journey that traces his personal evolution from a graduate student through to his career as a relational psychoanalyst Skolnick uniquely shares his publications and presentations that span his professional career weaving in issues around temporality and relational psychoanalysis Accessible and deeply thought provoking this book explores the many ways our lives are pervaded and shaped by time and how it infuses the problems that psychoanalysts work with in the consulting room Skolnick begins each chapter with an introduction contextualizing the papers in his own evolution as a relational analyst as well as in the broader evolution of the relational conceit in the psychoanalytic field Following an incisive description of the realities and mysteries of time he highlights how psychoanalysts have applied several temporal phenomena to the psychoanalytic process The papers and presentations address an assortment of time worn psychoanalytic issues as

they have become redefined reconfigured and re contextualized by the application of a relational psychoanalytic perspective It purports to chart the changes in the field and the author s practice as like many psychoanalysts Skolnick explains his shifted perspective from classical to ego psychological to relational psychoanalysis across the trajectory of his career Finally the author struggles to understand the contributions of time to the process of change in psychoanalytic thought and practice This book also provides a fascinating guide to how our lives are contextualized in the invisibilities of time illuminating the most frequent ways time influences psychoanalytic thinking and practice Relational Psychoanalysis and Temporality will be of immense interest to psychoanalysts psychoanalytic psychotherapists and therapists of all persuasions in their practice and training It should also be of interest to philosophers historians and scholars of psychoanalysis who have a general interest in studying the role of psychoanalysis in influencing contemporary trends of Western thought

The Waltzing Body in Victorian Literature Sabrina Gilchrist Hadyk, 2025-03-27 The Waltzing Body in Victorian Literature Narratives of Sexuality and Power traces the evolution of the waltz from a taboo dance in the early nineteenth century to a gracefully nostalgic practice that must be preserved by the century s end While Sabrina Gilchrist Hadyk references eighteenth century authors to frame the waltz s initial reception in England the study focuses primarily on Victorian authors who shaped how and why this dance was paradoxically viewed as elegant effeminate and sterile Hadyk explores female sexuality and the concept of choice in the ballroom a shifting and sometimes contradictory understanding of masculinity through male performance the erasure of and reclamation of queer desire in heterosexual courting spaces and the rhetoric of new technologies that attempted to contain shape and memorialize a temporal art form A brief epilogue considers how late Victorian and heavily sanitized and romanticized depictions of the waltz reverberate today in popular films and reality TV which perpetuate Victorian assumptions about class gender sexuality and more By understanding the history of the waltz the reader is invited to examine the dizzying discomfort that many Victorians expressed about forging ahead into a modern and modernizing world particularly at the turn of the century With comparatively little scholarship around understanding dance scenes and dance semiotics in literature this book articulates a new interpretive path for familiar and unfamiliar nineteenth century narratives offering new ways of understanding and engaging with the role and culture of dance

Schizostructuralism Daniel Bristow, 2021-06-07 Schizostructuralism draws together insights from psychoanalytic structuralist and Marxist theory and the divisions and antagonisms that both underpin and distinguish them to form a new psychoanalytic system Working through the key concepts and methods in these fields Daniel Bristow describes the processes of unification and separation inherent in structure extends concepts within the field of psychoanalytic topology and its study of surface and interrogates types and phasings of time that operate psychosocially testing workings of these against analyses of class division and struggle Returning to and working through key concepts and methods in the fields of structuralism topology temporality and Marxist political theory Schizostructuralism looks again at such major figures as Freud Reich Lacan Laing and Deleuze and Guattari

invoking their socially oriented theories and practices and sets out possibilities for recalibrating critical and clinical approaches to be more politically radical and inclusive Bristow draws on an array of schematic diagrams depicting and formulating the clinical categories of neurosis perversion and psychosis Schizostructuralism will be of interest to academics and students of psychoanalytic studies Lacanian studies and philosophy It will also inform psychoanalysts in practice and in training

Fate and Destiny in Psychoanalysis Roman Slabsky, 2002 **Capitalism and Infancy** Barry Richards, 1984
