Alarms And Discursions:

Alarms and Discursions Gilbert Keith Chesterton,1911 *Alarms and Discursions* Gilbert Keith Chesterton,1927 If Mr Chesterton had been permitted to have his own way this handful of papers would have been sent out under the title of Gargoyles Perhaps the publisher foresaw horror upon the faces of really unimaginative readers when once brought face to face with a monster title so it was changed to Alarms and discursions as indefinite and capable of possibilities as one could wish Fragments of futile journalism or fleeting impressions Mr Chesterton calls his essays This row of shapeless and ungainly monsters does not consist of separate idols cut out capriciously in lonely valleys or various islands These monsters are meant for the gargoyles of a definite cathedral I have to carve the gargoyles because I can carve nothing else I leave to others the angels and the arches and the spires Forty essays in which excellent common sense and brilliantly phrased wisdom mingle with sheer nonsense *Alarms and Discursions* G.k. Chesterton,2013-12-24 Alone at some distance from the wasting walls of a disused abbey I found half sunken in the grass the grey and goggle eyed visage of one of those graven monsters that made the ornamental water spouts in the cathedrals of the Middle Ages It lay there scoured by ancient rains or striped by recent fungus but still looking like the head of some huge dragon slain by a primeval hero And as I looked at it I thought of the meaning of the grotesque and passed into some symbolic reverie of the three great stages of art I Once upon a time there lived upon an island a merry and innocent people mostly shepherds and tillers of the earth They were republicans like all primitive and simple souls they talked over their affairs under a tree and the nearest approach they had to a personal ruler was a sort of priest or white witch who said their prayers for them They worshipped the sun not idolatrously but as the golden crown of the god whom all such infants see almost as plainly as the sun Now this priest was told by his people to build a great tower pointing to the sky in salutation of the Sun god and he pondered long and heavily before he picked his materials For he was resolved to use nothing that was not almost as clear and exquisite as sunshine itself he would use nothing that was not washed as white as the rain can wash the heavens nothing that did not sparkle as spotlessly as that crown of God He would have nothing grotesque or obscure he would not have even anything emphatic or even anything mysterious He would have all the arches as light as laughter and as candid as logic He built the temple in three concentric courts which were cooler and more exquisite in substance each than the other For the outer wall was a hedge of white lilies ranked so thick that a green stalk was hardly to be seen and the wall within that was of crystal which smashed the sun into a million stars And the wall within that which was the tower itself was a tower of pure water forced up in an everlasting fountain and upon the very tip and crest of that foaming spire was one big and blazing diamond which the water tossed up eternally and caught again as a child catches a ball Now said the priest I have made a tower which is a little worthy of the sun **Alarms and Discursions by G. K. Chesterton, 2017-11-28 Excerpt from Alarms and Discursions That far more serious problem I had pur posed to call this book Gargoyles traces of such an intention can still be detected i fear in the second essay Some time ago I tried to write an unobtrusive sociological essay called What Is Wrong Somehow or other it turned into a tremendous philippic called What s Wrong with the World with a photo graph of myself outside a photograph I swear I had never seen before and am far from anxious to see again Such things arise from the dul ness and languor of authors as compared with the hope and romantic ardour of publishers In this case the publisher provided the title and if he had provided the book too I dare say it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
