Billion Dollar Brand Club Lawrence Ingrassia, 2020-01-28 A leading business journalist takes us inside a business revolution: the upstart brands taking on the empires that long dominated the trillion-dollar consumer economy. Dollar Shave Club and its hilarious marketing, Casper mattresses popping out of a box, Third Love's lingerie designed specifically for each woman's body, Warby Parker mailing you five pairs of glasses to choose from. You've seen their ads. You or someone you know uses their products. Each may appear in isolation as a rare David with the bravado to confront a Goliath, but taken together, they represent a seismic shift in a business model that has lasted more than a century. As Lawrence Ingrassia, former business and economics editor and deputy managing editor at the New York Times, shows in this timely and eye-opening book, a growing number of digital entrepreneurs have found new and creative ways to crack the code on the bonanza of physical goods that move through our lives every day. They have discovered that manufacturing, marketing, logistics, and customer service have all been flattened where there were once walls that protected big brands like Gillette, Sealy, Victoria's Secret, or Lenscrafters. Savvy and hungry innovators now can compete on price, value, quality, speed, convenience, and service. *Billion Dollar Brand Club* reveals the world of the entrepreneurs, venture capitalists, and corporate behemoths battling over this terrain. And what fun it is! It's a massive high-stakes business saga animated by the personalities, flashes of insight, and stories behind the stuff we use every day.

Never before has the so called mainstream media shown such naked political bias as in the 2012 presidential election In 2012 Barack Obama was narrowly reelected with naked support from a liberal media desperate to hide his failures trumpet his accomplishments and discredit his GOP rivals Bachmann Perry Cain Gingrich Santorum one by one the media took them apart using hidden camera expos s innuendo from anonymous accusers repetition of harmful sound bites and irrelevant even untrue storytelling As soon as Mitt Romney emerged as the Republican Party s nominee the liberal media went to work in earnest They repeated Obama s campaign caricatures that Romney terrified his family dog enjoyed firing people and was nothing more than a willing tool of wealthy radical right extremists The Washington Post published a 5 400 word expos on the allegation that in 1965 he may have pinned down a boy and cut his hair Those same Post readers were then treated to 5 500 words on Barack Obama s lifelong love of basketball Unquestionably 2012 was the year when the liberal news media did all in their power to steal the presidential election and they arguably succeeded Media Research Center Founder and President Brent Bozell and MRC Director of Media Analysis Tim Graham provide the dramatic and conclusive evidence to prove this point and show conservatives how to put an end to the leftist media agenda threatening democracy itself
