K. Applebee,1924 **Female Gladiators** Sarah K. Fields,2010-10-01 Female Gladiators is the first book to examine legal and social battles over the right of women to participate with men in contact sports The impetus to begin legal proceedings was the 1972 enactment of Title IX which prohibited discrimination in educational settings but it was the Equal Protection Clause of the U S Constitution and the equal rights amendments of state constitutions that ultimately opened doors Despite court rulings however many in American society resisted and continue to resist allowing girls in dugouts and other spaces traditionally defined as male territories Inspired women and girls began to demand access to the contact sports which society had previously deemed too strenuous or violent for them to play When the leagues continued to bar girls simply because they were not boys the girls went to court Sarah K Fields s Female Gladiators is the only book to examine the legal and social battles over gender and contact sport that continue to rage today **Girlness** Diane Peters,2017-01-01 It s hard enough being a girl on the brink of puberty without dealing with a barrage of mixed messages about femininity From self image to peer pressure consumerism to feminism girls have a lot to grapple with This volume looks at issues relating to gender identity and how girls can cope with the conflicts that arise when we question what it means to be female **The Gopher** ,1925
