Beyond Bogota Diary Of A Drug War Journalist In Colombia

Lesley Wylie

Beyond Bogota Diary Of A Drug War Journalist In Colombia:

Beyond Bogotá Garry M. Leech, 2009 A firsthand account of Colombia's turmoil by a journalist who was held captive by rebel guerrillas Independent journalist Garry Leech has spent the last eight years working in the most remote and dangerous regions of Colombia uncovering the unofficial stories of people living in conflict zones Unlike other Western journalists most of whom rarely leave Bogotá Leech learns the truth about conflicts and the U S war on drugs directly from the source farmers male and female guerrillas union organizers indigenous communities and many others *Beyond Bogotá* is built around the eleven hours that Leech was held captive by the FARC Colombia's largest leftist guerrilla group in August of 2006 Drawing on unprecedented access to soldiers guerrillas paramilitaries and peasants in conflict zones and cocaine producing areas Leech's documentary memoir is an epic tale of a journalist's search for meaning in the midst of violence and poverty This compelling account provides fresh insights into U S foreign policy the role of the media and the plight of everyday Colombians caught in the middle of a brutal war In this remarkable saga Garry Leech conveys brilliantly and with vivid insight the magical qualities of this rich and tortured land and the struggles and torment of its people Noam Chomsky An extraordinary portrait of grace under pressure not only of the author himself but of ordinary Colombians fighting for social justice Forrest Hylton author of *Evil Hour in Colombia*

Colombia's Forgotten Frontier Lesley Wylie, 2013 The first literary geography of the Putumayo exploring its history and enduring significance through literature of and on this Colombian region by Latin American US and European writers

Warmonger Jeremy Kuzmarov, 2023-12-01 During the 2016 presidential election many younger voters repudiated Hillary Clinton because of her husband's support for mass incarceration banking deregulation and free trade agreements that led many U S jobs to be shipped overseas Warmonger How Clinton's Malign Foreign Policy Launched the Trajectory from Bush II to Biden shows that Clinton's foreign policy was just as bad as his domestic policy Cultivating an image as a former anti Vietnam War activist to win over the aging hippie set in his early years as president Clinton bombed six countries and by the end of his first term had committed U S troops to 25 separate military operations compared to 17 in Ronald Reagan's two terms Clinton further expanded America's covert empire of overseas surveillance outposts and spying and increased the budget for intelligence spending and the National Endowment for Democracy NED a CIA offshoot which promoted regime change in foreign nations The latter was not surprising because according to CIA operative Cord Meyer Jr Clinton had been recruited into the CIA while a Rhodes Scholar at Oxford and as Governor of Arkansas in the 1980s he had allowed clandestine arms and drug flights to Nicaraguan counter revolutionaries Contras backed by the CIA to be taken from Mena Airport in the western part of the state Rather than being a time of tranquility when the U S failed to pay attention to the gathering storm of terrorism as New York Times columnist David Brooks frames it the Clinton presidency saw rising tensions among the U S China and Russia because of Clinton's malign foreign policies and U S complicity in terrorist acts In so many ways Clinton's presidency set the groundwork for the

disasters that were to follow under Bush II Obama Trump and Biden It was Clinton building off of Reagan who first waged a War on Terror ridden with double standards one that adopted terror tactics including extraordinary rendition bombing and the use of drones It was Clinton who cried wolf about human rights abuses and the need to protect beleaguered peoples from genocide to justify military intervention in a post Cold War age And it was Clinton s administration that pressed for regime change in Iraq and raised public alarm about the mythic WMDs all while relying on fancy new military technologies and private military contractors to distance US shady military interventions from the public to limit dissent **Colombia** Sarah Woods,Richard McColl,2015-09-01 This guide to Colombia reflects the resurgence of the country among travellers following years of lawlessness With a strong focus on the country s cultural attractions it will appeal to visitors seeking to discover Colombia s renowned flora and fauna as well as its historic colonial cities and its range of eco tourism initiatives

Colombia Michael J. LaRosa,Germán R. Ghosts Within Garry Leech, 2019-04-29T00:00:00Z What are the long term psychological costs of violence and war Journalist Garry Leech draws from his experiences as a war correspondent his ongoing personal struggle with PTSD and the latest research on this mental illness to provide a powerful and vivid answer to this question For thirteen years Leech worked in Colombia's rural conflict zones where he experienced combat witnessed massacre sites and was held captive by armed groups This raw account of his journey from war on the battlefield to an internal psychological war at home illustrates how those who work with traumatized populations can themselves be impacted by trauma Leech removes some of the stigmas fears and ignorance related to PTSD in particular and mental illness in general by shedding light on a largely invisible illness that mostly manifests itself behind the closed doors of our homes Ultimately the book uses a journalist's journey through PTSD to provide a message of hope for all those who suffer from this illness

Commodifying Violence in Literature and on Screen Alejandro Herrero-Olaizola, 2021-10-18 This book traverses the cultural landscape of Colombia through in depth analyses of displacement local and global cultures human rights abuses and literary and media production Through an exploration of the cultural processes that perpetuate the darker side of Latin America for global consumption it investigates the condition that has led writers filmmakers and artists to embrace purposefully or not the incessant violence in Colombian society as the object of their own creative endeavors In this

examination of mass marketed cultural products such as narco stories captivity memoirs gritty travel narratives and films Herrero Olaizola seeks to offer a hemispheric approach to the role played by Colombia in cultural production across the continent where the illicit drug trade has made significant inroads To this end he identifies the Colombian condition within the parameters of the global economy while concentrating on the commodification of Latin America s violence for cultural consumption The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Card-Carrying Christians Rebecca C. Bartel, 2021-05-24 In the waning years of Latin America s longest and bloodiest civil war the rise of an unlikely duo is transforming Colombia Christianity and access to credit In her exciting new book Rebecca C Bartel details how surging evangelical conversions and widespread access to credit cards microfinance programs and mortgages are changing how millions of Colombians envision a more prosperous future Yet programs of financialization propel new modes of violence As prosperity becomes conflated with peace and debt with devotion survival only becomes possible through credit and its accompanying forms of indebtedness A new future is on the horizon but it will come at a price
