Beyond Maintenance To Mission A Theology Of The Congregation:

Beyond Maintenance to Mission Craig L. Nesson, 1999 This book argues compellingly for the centrality of mission in understanding the church and provides a model for congregational leadership that will help move congregations beyond a maintenance mentality to vital engagement with the world God loves Nesson's model of congregational leadership is strongly centered on worship life of a congregation and the entirety of the church's ministry The chapters provide solid theological and practical direction on the themes of worship education fellowship stewardship evangelism global connections ecumenism and social ministry It is a book that will find a home in both the academy and the parish a textbook for seminarians and a guide and resource for pastors and lay congregational leaders

Beyond Maintenance to Mission Craig L.

Nesson, 2010-02-24 Here in a newly revised edition is a powerful and pertinent guide for congregations wanting to move away from maintenance thinking to powerful creative engagement with the world Visionary yet practical Nesson's influential book makes a persuasive case for the centrality of mission in the life of the church Nesson's model of mission driven leadership is strongly centered on the community of faith's worship and draws unique connections between the worship life of a congregation and every aspect of the church's ministry Around the twin foci of congregational identity and mission the chapters in this dynamic book provide solid theological and radical direction on the themes of worship education fellowship stewardship evangelism global connections and social ministry Equally pertinent to seminary classroom and parish life the new edition highlights worship's centrality adds a new chapter on prayer and spiritual practices in this framework significantly revises the treatments of fellowship and evangelism and adds a full set of materials designed for congregational visioning and planning

Beyond Church Walls Dr. Richard Rouse, 2016-05-19 Pastoral care has been traditionally understood as pastoral acts administered to individuals or small groups by an ordained or lay religious practitioner As congregations in the twenty first century begin to reclaim the missional nature of church this view must be broadened to include care and concern for the needs of the larger community A missional perspective of pastoral care embraces the notion that all of God's people not just trained professionals are called to partner in the healing and redemption of the world In *Beyond Church Walls* Rick Rouse sets out to articulate precisely what such an approach to pastoral care looks like and the substantial impact it can have on congregations and communities A skilled teacher and pastor with deep experience in real communities Rouse leads readers through the changing realities of the twenty first century and to new ways for missional churches to succeed in offering pastoral care for the whole community

Reclaiming Mission as Constructive Theology Paul S. Chung, 2012-03-09 *Reclaiming Mission as Constructive Theology* offers a compelling case for the need to integrate God's mission and missional church conversation with a public and post colonial study of World Christianity Driven by a commitment to publicly engaged theology that takes seriously the reality of Global Christianity Paul Chung presents a vital new model for understanding the mission of God as a dynamic word event This is argued in conversation with contemporary

missional theology and analysis of the development of Global Christianity and as such brings important transcultural issues to bear on contemporary American conversations about the missional church. All of this serves to innovatively stimulate this missional church conversation and more directly address the various questions that arise in pursuing mission in a multiculturalized American society.

Mission and Liturgy Dr. Jameson K. Pallikunnil, 2018-06-15 As an ancient Christian community the Mar Thoma Church with its vibrant life of mission and sacraments has a pride of place in the Christendom. The evangelization process and constant migration made this church a global Church which has encountered multi cultural and multi ethnic atmosphere and assimilated various cultural practices and faced faith confrontation in its own geographical regions. This confrontation has caused a renewed view of nature identity and mission of the Church in a positive manner. Mission is in fact the lifeblood of the Church. Through its mission work and revised liturgy the Mar Thoma Church took a pioneer role in the formation and nurturing of new Christian communities in India and different parts of the world. Hence this book reflects on the role of liturgy and its influence on the missionary undertakings of the MTC. It elucidates how the revised liturgy functions as a basis for mission and recounts how liturgy and mission are connected. Further the diverse mission centres of the Church and its cultural specialties, an integration of liturgy and evangelism, importance of liturgical orientation and training are also dealt with in detail. Added to this the various challenges of the Church in its mission fields and diaspora regions are studied in the framework of the liturgy. The scope of liturgical renewal is looked into where the liturgical adaptation and possibilities of contextual liturgies in the Church are studied. This study concludes with some of the pertinent liturgical proposals for the furtherance to sustain the life and mission of the Church. With a living experience and profound theological understanding this ancient but reformed Church has something unique to offer to the whole Christendom.

Mission moves Malan Nel, 2021 This scholarly book is the final result of a team research project done by ten Practical Theologians from three denominations in the Reformed tradition in South Africa. The authors posed the following research problem and question: What would be the relationship if any between preaching and the liturgy of which it is a part and the development of missional congregations? And secondly what kind of preaching and preacher would best serve even facilitate such a process of missional congregational development in preaching and worship.

Shalom Church Craig L. Nesson, 2010-08-02 Craig Nesson's important new work retrieves biblical metaphors of the body of Christ and following Dietrich Bonhoeffer sees church today as Christ existing as community. To theological probing Nesson then adds contextual analysis and describes the four chief imperatives that mark Christ's presence in the world today: peacemaking, justice making, care for creation and engagement with the other. He then unfolds the real life implications of this paradigm of Christian community for the local church structure, strategies for partnering, public witness and interreligious engagement.

Churches on Mission Geoffrey Hartt, Christopher R. Little, John Wang, 2017-09-15 The twenty first century is marked by a renewed emphasis on the missional responsibility of individual Christians and local churches. Churches on Mission: God's

Grace Abounding to the Nations is an attempt to explore the relationship between the local church and its missionary responsibilities Through history theology case studies and actual ministry practices each author in this collection presents an aspect of local church participation The book aims to be informational and inspirational on many levels and invites readers from local churches to become active participants in the mission of God **The Eucharistic Liturgy** Jameson K. Pallikunnil, 2017-03-20 The Malankara Mar Thoma Syrian Church exists as a hybrid church by blending the Eastern liturgical elements of the Oriental Orthodox Church and the evangelical ideas of the Protestant Reformation of the sixteenth century This Church is a bridging church connecting Protestantism and Oriental Orthodoxy The reformation in the Malankara Church 1836 instigated a new impetus for this church in constructing an ecclesial identity and pattern of mission A major missiological imperative employed by CMS missionaries in India was solely centered on the scripture Against this popular understanding the Mar Thoma Church through its reformation process showed that liturgy can also be an imperative for mission The translation and revision of the Eucharistic liturgy is the basic visible expression of reformation in the Malankara Church Hence this book explicitly places how the Eucharistic liturgy of the Mar Thoma Church is observed as the foundation for mission in its course of growth In order to accomplish this objective the writer has examined the historical evolution and the developmental process of the Eucharistic liturgy of the church which is a revised version of the liturgy of St James In a nutshell this study is an appraisal of various missiological themes reflected in the Eucharistic liturgy of the church This study throws ample light on how the Mar Thoma Church integrated liturgy and evangelism in its course of development The writer systematically illustrates how the church made a serious effort to bring missional themes employed in the liturgy into the practical realm by its ancillary organizations convention gatherings and sociocharitable works This volume asserts that an emphasis on Eucharist centred ecclesiology guides and motivates the church to enliven a mission oriented life which is crucial for accomplishing a relevant mission **Joining in with the Spirit** Kirsteen Kim, 2013-01-08 Presents an introduction to mission studies the history theology and issues of mission This book also offers a theological framework for mission which applies both globally and locally to help the reader discern the movement of the Spirit of Christ among the many other spirits of this world
