Beyond Spring Tzu Poems Of The Sung Dynasty:

Beyond Spring Julie Landau, 1997-02-21 The first anthology of Sung dynasty tz u poems available in English Beyond Spring provides a representative body of translations 150 in all Keeping true to the original music Landau s faithful translations capture the phrasing and rhythms crucial to Tz u *Luxuriant Gems of the Spring and Autumn* Zhongshu Dong, 2015-12-15 The Spring and Autumn Chunqiu is a chronicle kept by the dukes of the state of Lu from 722 to 481 B C E Luxuriant Gems of the Spring and Autumn Chunqiu fanlu follows the interpretations of the Gongyang Commentary whose transmitters sought to explicate the special language of the Spring and Autumn The work is often ascribed to the Han scholar and court official Dong Zhongshu but as this study reveals the text is in fact a compendium of writings by a variety of authors spanning several generations It depicts a utopian vision of a flourishing humanity that they believed to be Confucius s legacy to the world The Gongyang masters thought that Confucius had written the Spring and Autumn employing subtle phrasing to indicate approval or disapproval of important events and personages Luxuriant Gems therefore augments Confucian ethical and philosophical teachings with chapters on cosmology statecraft and other topics drawn from contemporary non Confucian traditions A major resource this book features the first complete English language translation of Luxuriant Gems divided into eight thematic sections with introductions that address dating authorship authenticity and the relationship between the Spring and Autumn and the Gongyang approach Critically illuminating early Chinese philosophy religion literature and politics this book conveys the brilliance of intellectual life in the Han dynasty during the formative decades of the Chinese imperial state The Columbia Anthology of Yuan Drama C. T. Hsia, Wai-yee Li, George Kao, 2014-04-29 This anthology features translations of ten seminal plays written during the Yuan dynasty 1279 1368 a period considered the golden age of Chinese theater By turns lyrical and earthy sentimental and ironic Yuan drama spans a broad emotional linguistic and stylistic range Combining sung arias with declaimed verses and doggerels dialogues and mime and jokes and acrobatic feats Yuan drama formed a vital part of China s culture of performance and entertainment in the thirteenth and fourteenth centuries To date few Yuan dynasty plays have been translated into English Well known translators and scholars have supervised the making of this collection and add a short description to each play A general introduction situates all selections within their cultural and historical contexts *Mencius* Mencius, 2009-09-18 Known throughout East Asia as Mengzi or Master Meng Mencius 391 308 B C E was a Chinese philosopher of the late Zhou dynasty an instrumental figure in the spread of the Confucian tradition and a brilliant illuminator of its ideas Mencius was active during the Warring States Period 403 221 B C E in which competing powers sought to control the declining Zhou empire Like Confucius Mencius journeyed to one feudal court after another searching for a proper lord who could put his teachings into practice Only a leader who possessed the moral qualities of a true king could unify China Mencius believed and in his defense of Zhou rule and Confucian philosophy he developed an innovative and highly nuanced approach to understanding politics self cultivation and

human nature profoundly influencing the course of Confucian thought and East Asian culture Mencius is a record of the philosopher's conversations with warring lords disciples and adversaries of the Way as well as a collection of pronouncements on government human nature and a variety of other philosophical and political subjects Mencius is largely concerned with the motivations of human actors and their capacity for mutual respect He builds on the Confucian idea of ren or humaneness and places it alongside the complementary principle of yi or rightness advancing a complex notion of what is right for certain individuals as they perform distinct roles in specific situations Consequently Mencius's impact was felt not only in the thought of the intellectual and social elite but also in the value and belief systems of all Chinese people

Record of Miraculous Events in Japan, 2013-07-23 The Nihon ryoiki a collection of setsuwa or anecdotal tales compiled by a monk in late eighth or early ninth century Japan records the spread of Buddhist ideas in Japan and the ways in which Buddhism's principles were adapted to the conditions of Japanese society Beginning in the time before Buddhism was introduced to Japan the text captures the effects of the nation's initial contact with Buddhism brought by emissaries from the king of the Korean state of Paekche and the subsequent adoption and dissemination of these new teachings in Japanese towns and cities The Nihon ryoiki provides a crucial window into the ways in which Japanese Buddhists began to make sense of the teachings and texts of their religion incorporate religious observances and materials from Korea and China and articulate a popularized form of Buddhist practice and belief that could extend beyond monastic centers The setsuwa genre would become one of the major textual projects of classical and medieval Buddhism with nearly two dozen collections appearing over the next five centuries The Nihon ryoiki serves as a vital reference for these later works with the

tales it contains finding their way into folkloric traditions and becoming a major source for Japanese authors well into the modern period
