Beyond The Miracle Inside The New South Africa:

Beyond the Miracle Allister Haddon Sparks,2003 Beyond the Miracle Allister Haddon Sparks,2003 Derman: In the Shadow of a Conflict ,2023-01-10 Zimbabwe has cast a powerful regional and international shadow since it became independent in 1980 and more recently through the crises of the first decade of the twenty first century The 2000s were a decade of combined political economic and social crises in Zimbabwe following what had been a relatively successful twenty years of independence since 1980 The scale depth and severity of the crises evolving since 2000 have been as dramatic as they have been unexpected While there has been substantial coverage of the internal consequences of Zimbabwe s crises less attention has been paid to its regional and cross border consequences In explaining the ongoing processes stemming from the crises this book looks at three neighboring countries Mozambique South Africa and Zambia to depict how over time they have experienced and interpreted events in Zimbabwe how they have dealt with Zimbabweans entering their territories and how they have or have not formulated policies and developed practices to cope with the arrival of new and mainly undocumented Zimbabwean immigrants Reconciliation Discourse Annelies Verdoolaege,2008 This volume is a research monograph analysing the South African Truth and Reconciliation Commission TRC from an ethnographic linguistic point of view The central proposition of this book is that the TRC can be regarded as a mechanism that leads to the hegemony of specific discourses thus exercising power The analysis illustrates how through a certain type of reconciliation discourse constructed at the TRC hearings a reconciliation oriented reality took shape in post TRC South Africa Basically the study points to the long term implications a truth commission can exert on a traumatised post conflict society The book is unique on several levels TRC discourse is explored in depth on the basis of personal stories from TRC testifiers a combination of Poststructuralist and Critical Discourse Analysis approaches form the theoretical foundations and an extensive bibliography provides an impressive database of TRC publications **Conflict Prevention and Peace-building in Post-War Societies** T. David Mason,James D. Meernik,2006-05-02 This volume provides an overview of the costs benefits consequences and prospects for rebuilding nations emerging from violent conflict The rationale for this comes from the growing realization that in the post Cold War era and in the aftermath of 9 11 our understanding of conflict and conflict resolution has to include consideration of the conditions conducive to sustaining the peace in nations torn by civil war or interstate conflict The chapters analyze the prospects for building a sustainable peace from a number of different perspectives examining the role of economic development democratization respect for human rights the potential for renewal of conflict the United Nations and other critical topics In an age when nation building is once again on the international agenda and scholars as well as policy makers realize both the tremendous costs and benefits in fostering developed democratic peaceful and secure nations the time has truly come for a book that integrates all the facets of this important subject Conflict Prevention and Peace building in Post War Societies will appeal to students and scholars of peace studies international relations security studies and

conflict resolution as well as policy makers and analysts **Contradictions of Democracy** Nicholas Rush Smith, 2019-01-17

Despite being one of the world's most vibrant democracies vigilantism is regularly practiced in South Africa. Based on twenty months of field work, *Contradictions of Democracy* shows why and explores what South Africa reveals about vigilantism in other democracies and uses vigilantism to explore the contradictions of democracy more generally. **Social Movements and the Indian Diaspora** Movindri Reddy, 2015-11-19

With the elevation of Islam and Muslim transnational networks in international affairs from the rise of Al Qaeda to the revolutions in North Africa and the Middle East, the study of Diasporas and transnational identities has become more relevant. Using case studies from Fiji, Mauritius, Trinidad, and South Africa, this book explores the diaspora identities and impact of social movements on politics and nationalism among indentured Indian diaspora. It analyses the way in which diasporas are defined by themselves and others and the types of social movements they participate in, showing how these are critical indicators of the threat they are perceived to pose. The book examines the notions of national and transnational identity and how they are determined by the placement of Diasporas in the transnational locality. It argues that the transnationality intrinsic to diaspora identities marks them as others in the nation-state and simultaneously separates them from the perceived motherland, thus displacing them from both states and situating them in a transnational locality. It is from this placement that social movements among Diasporas gain salience. As outsiders and insiders, they are well placed to offer a formidable challenge to the host state, but these challenges are limited by their hybrid identities and perceived divided loyalties. Providing an in-depth analysis of Indian Diasporas, the book will be of interest to those studying South Asian Studies, Migration and Diaspora Studies. *History, Memory, and State-Sponsored Violence* Berber Bevernage, 2013-02-14

Modern historiography embraces the notion that time is irreversible, implying that the past should be imagined as something absent or distant. Victims of historical injustice, however, in contrast, often claim that the past got stuck in the present and that it retains a haunting presence. *History, Memory, and State-Sponsored Violence* is centered around the provocative thesis that the way one deals with historical injustice and the ethics of history is strongly dependent on the way one conceives of historical time. That the concept of time traditionally used by historians is structurally more compatible with the perpetrators than the victims' point of view. Demonstrating that the claim of victims about the continuing presence of the past should be taken seriously instead of being treated as merely metaphorical, Berber Bevernage argues that a genuine understanding of the irrevocable past demands a radical break with modern historical discourse and the concept of time. By embedding a profound philosophical reflection on the themes of historical time and historical discourse in a concrete series of case studies, this project transcends the traditional divide between empirical historiography on the one hand and the so-called theoretical approaches to history on the other. It also breaks with the conventional analytical philosophy of history that has been dominant during the last decades, raising a series of long-neglected big questions about the historical condition, questions about historical time, the unity of history, and the ontological status of

present and past programmatically pleading for a new historical ethics **When Political Transitions Work** Fanie du Toit, 2018-07-27 In *When Political Transitions Work* Fanie du Toit develops a coherent and versatile theory of reconciliation as interdependence based on the assumption that a state's success is inextricably linked to their enemies and a policy of mutual well being is the surest and shortest path to prosperity and peace for both **I Am Because You Are** Jacob Lief, Andrea Thompson, 2015-05-12 In 1998 Jacob Lief a 21 year old American university student met school teacher Malizole Banks Gwaxula in a township tavern in Port Elizabeth South Africa After bonding over beers and a shared passion for education Gwaxula invited Lief to live with him in the township Inspired by their fortuitous meeting which brought together two men separated by race nationality and age and by the spirit of ubuntu roughly translated as I am because you are the two men embarked on an unexpectedly profound journey Their vision To provide vulnerable children in the townships with what every child deserves everything Today their organization Ubuntu Education Fund is upending conventional wisdom about how to break the cycle of poverty Shunning traditional development models Ubuntu has redefined the concept of scale focusing on how deeply it can impact each child's life rather than how many it can reach Ubuntu provides everything a child needs and deserves from prenatal care for pregnant mothers to support through university essentially from cradle to career Their child centered approach reminds us that one's birthplace should not determine one's future *I Am Because You Are* sets forth an unflinching portrayal of the unique rewards and challenges of the nonprofit world while offering a bold vision for a new model of development
