

The background of the slide features a dark blue night sky. In the upper half, there are several sets of concentric, glowing white circles, resembling ripples in water or a celestial phenomenon like a star trail. Below the sky, a dark silhouette of a mountain range stretches across the horizon. The overall mood is contemplative and serene.

Breathing In The Fullness Of Time:

Sacred Time Christine Valters Paintner, 2021-02-19 We live in a world where there never seems to be enough time for all we want and need to do In *Sacred Time Embracing an Intentional Way of Life* Christine Valters Paintner guides us as we move beyond our own lives and embrace a world that urges us toward rest reflection and growth In *Sacred Time* Paintner abbess of the online Abbey of the Arts shows us how by becoming in tune with the rhythms of the natural world we can live more intentionally and experience a conversion toward a more expansive way of being Paintner introduces us to the eight cycles of sacred time that exist in our everyday lives These cycles that can ground us through our busy lives are breath rhythms of the day weekly rhythms and Sabbath rest waxing and waning lunar cycles seasons of the year seasons of a lifetime ancestral time and cosmic time Each cycle encourages us to mindfully consider the time that passes as quickly as each breath and as slowly as the passing of generations Within each cycle we find wisdom from sacred tradition and the saints including St Benedict St Ignatius of Loyola and St Hildegard of Bingen room for growth and the presence of the Divine Along the way we are also given scriptural guidance and we are invited to spiritual practices and creative explorations that will help deepen our understanding of each cycle allow that understanding to take root in our lives and expand our lives beyond the pressures of each day

Ah, What Is It? – That I Heard Anne Mounic, 2014 The spirit of the narrative is mankind's reflexive consciousness or poetic genius our unique access to ourselves our desperate endeavour to be REAL It brings to light the dark unknown which is the zest of our lives it gives shape to the tremor of our inner souls otherwise nearly imperceptible Ah what is it that I heard Katherine Mansfield wondered throughout her whole life and writings poems and stories letters and notebooks Through the metamorphic movement of her highly sensitive perceptive mind she highlights the deep ambivalence of light and dark mirth and awe fear and longing which is the keen feature of our naked existence She sketches her epic motifs with a dedicated sense of wonder A true poet she returns as Baudelaire Keats Hopkins Proust or Shakespeare to the origins of language this poignant contrast of light and dark following the alternate rhythm of night and day of yielding to darkness and converting it into speech Let there be light Poetic language is performative It means an everlasting questioning over the abyss with wings of wonder upon the face of the deep This volume will also be of interest to scholars and dedicated readers who wish to share in the current reassessment of Katherine Mansfield's poetic achievement Her awareness of the literary tradition and modernity the utmost finesse of her artistic thought the boldness of her temper make her a major twentieth century poet
