Minority Language Writers in the Wake of World War One Jelle Krol, 2020-08-20 This book presents a comparative literary study of the works of four writers working in European minority languages Frisian Welsh Scots and Breton The author examines the different strategies employed by the four writers to create distinctive literary fields for their languages in the interwar era when self determination had been promised to national minorities finding that each had to make some degree of a step backwards into the past to enable them to make a leap forward The book also discusses the problems resulting from this oscillation between traditionalism and modernism drawing on concepts such as Pascale Casanova s litt ratures combatives to make sense of these minority languages and communities within the wider European context This study will be of interest to students and scholars of minority languages particularly the four explored here as well as twentieth century and comparative literature multilingualism and language policy

Gaelic in Scotland Wilson McLeod, 2020-09-04 In this extensive study of the changing role of Gaelic in modern Scotland Wilson McLeod looks at the policies of government and the work of activists and campaigners who have sought to maintain and promote Gaelic

The Celts Ian Stewart, 2025-03-04 A new history of the Celts that reveals how this once forgotten people became a pillar of modern national identity in Britain Ireland and France Before the Greeks and Romans the Celts ruled the ancient world They sacked Rome invaded Greece and conquered much of Europe from Ireland to Turkey Celts registered deeply on the classical imagination for a thousand years and were variously described by writers like Caesar and Livy as unruly barbarians fearless warriors and gracious hosts But then in the early Middle Ages they vanished In *The Celts* Ian Stewart tells the story of their rediscovery during the Renaissance and their transformation over the next few centuries into one of the most popular European ancestral peoples *The Celts* shows how the idea of this ancient people was recovered by scholars honed by intellectuals politicians and other thinkers of various stripes and adopted by cultural revivalists and activists as they tried to build European nations and nationalisms during the eighteenth and nineteenth centuries Long

forgotten the Celts improbably came to be seen as the ancestors of most western Europeans and as a pillar of modern national identity in Britain Ireland and France Based on new research conducted across Europe and in the United States The Celts reveals when and how we came to call much of Europe Celtic why this idea mattered in the past and why it still matters today as the tide of nationalism is once again on the rise *Western Europe's Democratic Age* Martin Conway, 2022-06-14 A major new history of how democracy became the dominant political force in Europe in the second half of the twentieth century What happened in the years following World War II to create a democratic revolution in the western half of Europe In *Western Europe's Democratic Age* Martin Conway provides an innovative new account of how a stable durable and remarkably uniform model of parliamentary democracy emerged in Western Europe and how this democratic ascendancy held fast until the latter decades of the twentieth century Drawing on a wide range of sources Conway describes how Western Europe's postwar democratic order was built by elite intellectual and popular forces Much more than the consequence of the defeat of fascism and the rejection of Communism this democratic order rested on universal male and female suffrage but also on new forms of state authority and new political forces primarily Christian and social democratic that espoused democratic values Above all it gained the support of the people for whom democracy provided a new model of citizenship that reflected the aspirations of a more prosperous society This democratic order did not however endure Its hierarchies of class gender and race which initially gave it its strength as well as the strains of decolonization and social change led to an explosion of demands for greater democratic freedoms in the 1960s and to the much more contested democratic politics of Europe in the late twentieth century *Western Europe's Democratic Age* is a compelling history that sheds new light not only on the past of European democracy but also on the unresolved question of its future *Céline, la race, le Juif* Pierre-André Taguieff, Annick Durafour, 2017-02-01 On croit connaître Celine On connaît les bribes d'une lignée pieusement transmise qui se défait pour se recomposer ainsi que les portraits arrangés au fil des biographies publiées La recherche de la vérité plutôt que les ruses de la disculpation conduit ce portrait sans complaisance qui examine les moments cruciaux d'un itinéraire qu'on ne peut réduire à une carrière littéraire sous peine de ne plus comprendre vraiment l'écrivain Car celui-ci a cherché à agir sur son époque En 1937 ennemi du Front populaire et partisan d'une alliance avec Hitler Celine choisit de devenir un écrivain antijuif Il s'engouffre opportunément dans la vague antisémite bataillant sans relâche contre le péril rouge et le péril juif Pour confectionner ses pamphlets il puise dans la propagande nazie diffusée par diverses officines dont le Welt Dienst Il met en musique les idées et les slogans Pendant l'Occupation il fait figure de nouveau prophète de papé de l'antisémitisme Cette vérité historique heurte frontalement la lignée de l'écrivain celle de l'écriture seule Le cas de Celine est-il comparable à celui des autres intellectuels du collaborationnisme Jusqu'à quel point adhère-t-il à la vision hitlérienne Jusqu'où est-il allé Que savait-il vraiment sous l'Occupation Que peut-on reprocher à Celine des mots seulement ou aussi des actes Avec Celine c'est tout un imaginaire raciste antisémite et complotiste qui se livre à l'observation Se montre ici le fonctionnement d'un esprit

raidi dans un réseau de préjugés et de convictions inbranlables qui force posent autrement la question du scandale Cline comment cet homme a-t-il pu écrire Voyage au bout de la nuit Ce livre est une somme le livre de référence que l'on attendait sur le cas Cline Il croise la lecture des textes avec l'histoire intellectuelle et politique Une tude critique rompant avec les habituelles approches plus ou moins apologétiques L'rudition y est mise au service de la volonté de clarifier et de comprendre Pour une vision d'cap e de l'crivain engagé par-delà les clichés *Patriotas transnacionales* Xosé M. Núñez Seixas, 2019-01-24 Se reñen en este volumen ocho ensayos cuyo común denominador es el análisis desde la ptica de la historia transnacional de la compleja relación entre nacionalismo y transnacionalismo entre reivindicaciones de la nación particular y su imbricación con dinámicas globales tanto europeas como mundiales Las temáticas abarcan desde la reflexión historiográfica sobre la relación entre nacionalismo e historia transnacional y el impacto de la Primera Guerra Mundial sobre la cuestión de las nacionalidades en Europa hasta los orígenes del concepto de la Europa de los pueblos durante el período de entreguerras la evolución de los nacionalismos subestatales y su relación con la Unión Europea y una panorámica de la circulación de modelos ideológicos y dimensiones simbólicas entre los diversos movimientos nacionalistas europeos y de otros continentes pasando también por el análisis del influjo del nacionalismo irlandés en el nacionalismo vasco la relación de los nacionalismos subestatales ibéricos con Latinoamérica y la comparación de los proyectos iberistas del catalanismo y del galleguismo en relación con Portugal

Nazioni in cerca di stato Paolo Perri, 2023-09-28T00:00:00+02:00 I successi riscossi recentemente dai movimenti indipendentisti dalla Scozia alle Fiandre l'uscita del Regno Unito dall'Unione europea il controverso referendum catalano del 2017 e la recrudescenza della violenza in Corsica e Irlanda del Nord sono alcuni degli eventi che hanno contribuito a riportare al centro del dibattito le rivendicazioni delle cosiddette nazioni senza stato dell'Europa occidentale Uno scenario del tutto imprevisto almeno secondo le più gettonate interpretazioni che vedevano come residuali le forme di politicizzazione delle identità nazionali e della frattura centro periferia alla luce del successo della globalizzazione economica e dei processi di integrazione comunitaria Un dato interessante della mobilitazione nazionalista sicuramente la grande differenziazione ideologica di questi movimenti che va dall'estrema sinistra all'estrema destra passando per posizioni social democratiche cristiano democratiche liberali e conservatrici Una differenziazione che sembrerebbe condizionare le posizioni anche rispetto alla questione dell'autodeterminazione nazionale autonomismo indipendentismo all'atteggiamento nei confronti dell'Unione europea pro contro all'idea di nazione inclusiva escludente e alla stessa forma stato federale confederale centralista Ed proprio la natura apparentemente camaleontica del nazionalismo politico l'oggetto di questa analisi storica di lungo periodo Per ricostruire le dinamiche che hanno determinato la diversa evoluzione di obiettivi strategie e orientamento ideologico di un insieme eterogeneo di organizzazioni politiche Paolo Perri esamina l'interazione tra una serie di elementi socio-culturali e i diversi conflitti che hanno attraversato le società occidentali mostrando in che modo questi movimenti si sono trasformati da forze marginali spesso irrilevanti in veri protagonisti della vita politica *Le soldat et la mort dans la*

Grande Guerre Isabelle Homer, Emmanuel Pénicaut, 2016 En quatre ans la Grande Guerre a entraîné la mort de près de dix millions de militaires D'une ampleur jusqu'alors inconnue ce drame humain cache de nombreuses facettes quelles sont les causes de ces décès Les soldats sont-ils morts au front ou plutôt à l'arrière Quelles solutions l'administration a-t-elle mise en œuvre pour dénombrer identifier transporter et inhumer un million de corps Des spécialistes français et étrangers d'histoire militaire d'histoire des institutions d'histoire de l'art et d'archéologie sont invités à croiser leurs points de vue pour répondre à ces questions et tenter de mettre des mots sur une réalité qui a marqué le XX^e siècle

Images des comportements sous l'Occupation Jacqueline Sainclivier, Jean-Marie Guillon, Pierre Laborie, 2016 Cet ouvrage analyse de façon critique les reconstructions mémorielles qui tiennent lieu de grilles de lecture des comportements des Français sous l'occupation allemande Leur diversité constitue l'axe central de ce livre qui revient sur des interprétations trop facilement admises comme des vérités intangibles qui effectue quelques mises au point et clarifications venues des apports récents de la recherche et qui fournit des outils d'intelligibilité
