Apocryphal Lorca Translation Parody Kitsch:

Apocryphal Lorca Jonathan Mayhew, 2009-08-01 Federico García Lorca 1898-1936 had enormous impact on the generation of American poets who came of age during the cold war from Robert Duncan and Allen Ginsberg to Robert Creeley and Jerome Rothenberg. In large numbers these poets have not only translated his works but written imitations, parodies and pastiches along with essays and critical reviews. Jonathan Mayhew's *Apocryphal Lorca* is an exploration of the afterlife of this legendary Spanish writer in the poetic culture of the United States. The book examines how Lorca in English translation has become a specifically American poet adapted to American cultural and ideological desiderata, one that bears little resemblance to the original corpus or even to Lorca's Spanish legacy. As Mayhew assesses Lorca's considerable influence on the American literary scene of the latter half of the twentieth century, he uncovers fundamental truths about contemporary poetry, the uses and abuses of translation, and Lorca himself.

Rediscovering Rubén Darío through Translation Carlos F. Grigsby, 2024-06-13 A long overdue examination of Rubén Darío's multilingual work and influences alongside the contexts and politics of canonization in world literature. *Rediscovering Rubén Darío through Translation* addresses the peculiar obscurity of Darío by asking these questions: How can one of the most important writers of a major world language be almost entirely unknown in the English speaking world? How is it that other writers of the same language, e.g. Lorca or García Márquez, achieve widespread recognition in the anglophone world while he remains unnoticed? What role does translation play in this? What can it tell us about the way in which world literature is articulated? Carlos F. Grigsby approaches Darío's oeuvre through translation. In doing so, he explores not only the place of Darío in the translation of Spanish American literature into English, but also the place of translation in Darío's own writing. The result is a double-sided painting, as it were: the recto is titled *Translation in Darío* and the verso *Darío in Translation*. This book challenges the field of world literature by revealing some of the biases present in its representation of Spanish American literature. It adopts a multilingual framework, chiefly using English, Spanish, French, and to a lesser degree, Latin and Catalan, in analyzing Darío's writing alongside that of his contemporaries. As a result, it reveals the multilingualism of Darío's own writing, opening new avenues for the study of his work and of Spanish American modernismo more generally.

Avenues of Translation Regina Galasso, Evelyn Scaramella, 2019-04-15 Winner of the 2020 SAMLA Studies Book Award. Edited Collection. Cities both near and far communicate in a variety of ways. Travel between, through, and among urban centers initiates contact, and cities themselves are sites of ever-changing cultural and historical encounters. Predictable and surprising challenges and opportunities arise when city borders are crossed, voices meet, and artistic traditions find their counterparts. Using the Latin word for translation, *translatio*, or to carry across, as a point of departure, *Avenues of Translation* explores how translation perpetuates, diversifies, deepens, and expands the literary production of cities in their greater cultural context, and how translation shapes an understanding of, and access to, a city's past and present literary and cultural practices. Thinking about

translation and the city is a way to tell the backstories of the cities texts and authors that are united by acts of translation

Literary Translation and the Making of Originals Karen Emmerich, 2017-09-21 *Literary Translation and the Making of Originals* engages such issues as the politics and ethics of translation how aesthetic categories and market forces contribute to the establishment and promotion of particular originals and the role translation plays in the formation reformation and deformation of national and international literary canons By challenging the assumption that stable originals even exist Karen Emmerich also calls into question the tropes of ideal equivalence and unavoidable loss that contribute to the low status of translation translations and translators in the current literary and academic marketplaces

Federico García Lorca Federico Bonaddio, 2022 Feted by his contemporaries Federico García Lorca's status has only grown since his death in 1936 This book shows just why his fame has endured through an exploration of his most popular works *Romancero Gitano* *Poeta en Nueva York* and the trilogy of tragic plays *Blood Wedding* *Yerma* and *The House of Bernarda Alba* Feted by his contemporaries Federico García Lorca's status has only grown since his death in 1936 poet playwright political martyr gay icon champion of women defender of the oppressed This book guides readers through the key themes and concerns in Lorca's work It demonstrates how Lorca applied his poetic sensibilities and lyrical craft to what were in essence tangible real life issues the plight of Andalusia's Romani people the idea of modernity and the condition of women in Spain What becomes evident is that even though he was writing at a time when many writers and artists were less inclined to deal directly with the things of the world Lorca maintained a profound interest in the human subject and in the world around him It is this interest the book argues in tandem with his poetic vision and craft that ensured his most popular works enduring universal appeal
