Between Two Worlds Mario Bunge, 2016-04-29 To go through the pages of the *Autobiography of Mario Bunge* is to accompany him through dozens of countries and examine the intellectual political philosophical and scientific spheres of

the last hundred years It is an experience that oscillates between two different worlds the different and the similar the professional and the personal It is an established fact that one of his great loves was and still is science He has always been dedicated to scientific work teaching research and training men and women in multiple disciplines Life lessons fall like ripe fruit from this book bringing us closer to a concept a philosophical idea a scientific digression which had since been uncovered in numerous notes articles or books Bunge writes about the life experiences in this book with passion naturalness and with a colloquial frankness whether they be persecutions banishment imprisonment successes would be losses emotions relationships debates impressions or opinions about people or things In his pages we pass by the people with whom he shared a fruitful century of achievements and incredible depths of thought Everything is remembered with sincerity and humor This autobiography is in truth Bunge on Bunge sharing everything that passes through the sieve of his memory as he would say Mario s many grandchildren are a testament to his proud standing as a family man and at the age of 96 he gives us a book for everyone for those who value the memories that hold the trauma of his life as well as for those who share his passion for science and culture Also perhaps for some with whom he has had disagreements or controversy for he still deserves recognition for being a staunch defender of his convictions

The Bridge Between Two Worlds Pantiliu

Ruangmeiluh,2025-07-27 The Bridge Between Two Worlds Dreams of an Unequal World is not just a story it is a crossing born of two dreams and stitched with real lives real wounds and real silences that history tried to bury At its heart flows the haunting testimony of Uncle Elunglei a young boy of the Zeme tribe who survived a massacre no child should ever witness From this dream rises another a vision where voices long forgotten speak through rivers bamboo groves and borderlands guarded by the Konyak the Reang in the heart of the forest and the Rongmei tribes Through dreamlike visions and memories passed down in whispers author Pantiliu Ruangmeiluh bridges the divide between the seen and the unseen between tribal

lands scarred by injustice and the global legacies of women like Haipei Rani Gaidinliu Eva Per n Princess Diana and Mother Teresa who each carried crowns of grace and controversy alike These pages are not written to accuse but to remember Not to wound but to heal They are a mourning song for the unnamed a prayer for the children who survived horror without apology and a testament that even the deepest silences can one day speak If you have ever wondered who is written into history and who is written out step onto this bridge Walk between two dreams Listen for the river of memory flowing beneath each line And remember with the author that the unnamed are not unloved they are only waiting to be heard The Bridge Between Two Worlds is for those who believe that memory like water will always find a way through stone **From**

Kamrabad to Cologne. Wanderer Between Two Worlds Saral Sarkar, 2025-01-13 In his autobiography Saral Sarkar takes us along on a journey through his interesting and eventful life He is one of the few persons who experienced the first full half of his life in a poor third world country India and the other half in a very developed European country Germany And he experienced these two countries intensively Unlike so many other immigrants he did not come to Germany for economic reasons but initially in the 1960s because of his love for the German language being trained there as teacher for German and then later in the 1980s he stayed there because of his love for his wife Maria Mies a famous German feminist and sociologist From an early age he was very interested in political issues and movements initially mainly from the left spectrum but later from the early 1970s on his concern for ecological issues came to the foreground The famous book The Limits to Growth from 1972 which influenced an entire generation and served as an important impetus for the ecology movement was also a turning point in his personal thinking He experienced the rise of the green movement and the Green Party in Germany at first hand but also left the Greens in disappointment in the second half of the 1980s But it was not only political activism that shaped his life From the 1980s onwards he became an increasingly prominent author on environmental and political issues with his two major works Eco Socialism or Eco Capitalism A Critical Analysis of Humanity s Fundamental Choices and The Crises of Capitalism A Different Study of Political Economy It is no exaggeration to say that he is one of the most important contemporary thinkers on eco political issues one who coined the term eco socialism in a consequent and clear way
