Beyond Birth And Death:

Beyond Birth and Death His Divine Grace A. C. Bhaktivedanta Swami Prabhupada, Is there life after death Follow the soul s journey through this universe and beyond The past decade has seen an increase in the number of people who believe in reincarnation This small but powerful book answers questions like Who am I What happens after death What s it like to reincarnate in one body after another Is it possible to break the cycle of samsara of repeated birth and death Is there an eternal place where my soul can live Beyond Birth and Death swami A. C. Bhaktivedanta,1980 Beyond Birth and Death A. C. Bhaktivedanta Swami Prabhupada,1978 **Secrets of the Pulse** Vasant Lad,2005 Thousands of years ago Ayurveda described multiple levels of the radial pulse that could be used to interpret the status of the organs and systems of the body as well as the mental and physical constitutions of the individual For the first time in the west this book presents this ancient are and provides a method by which anyone can learn to read his or her own pulse Imbalances and potential disease states can be detected in their early stages giving one the opportunity to correct them before they affect the quality of life With practice and guidance one can acquire the proficiency to use this knowledge to heal self and others This book will give guidelines to think about various ways of feeling reading and gathering information through the pulse It is quite difficult to put subjective experience into words It is an attempt to express these simple ways of feeling the pulse **The Play of Mahamudra** Lama Migmar Tseten,2021-05-25 Essential commentary on the spontaneous mystical songs of the Indian Buddhist rebel saint Virupa In this collection renowned Tibetan Buddhist teacher Lama Migmar Tseten provides essential commentary on the mystical songs of the Indian Buddhist rebel saint Virupa One of the most celebrated tantric masters of Buddhist India Virupa s songs describe his realization of mahamudra the ultimate nature of reality Intimate and highly engaging The Play of Mahamudra unpacks these songs with meticulous clarity making Virupa s insights accessible to modern readers This new collected edition of Khenpo Migmar Tseten s Play of Mahamudra volumes constitutes a veritable treasure for all who are deeply engaged on the path to enlightenment Khenpo Migmar s translation of Mahasiddha Virupa s Treasury of Dohas and of Sachen Kunga Nyingpo s Praise to Virupa makes us intimately familiar with the essence of these root texts and his elucidation of the Dohas offers us a deep and clear understanding of their core meaning Anyone who truly contemplates on Mahasiddha Virupa s words is certain to attain realization His Holiness the Sakya Triche **Beyond the Brain** Stanislav Grof,1985-08-01 Beyond the Brain seriously challenges the existing neurophysiological models of the brain After three decades of extensive research on those non ordinary states of consciousness induced by psychedelic drugs and by other means Grof concludes that our present scientific world view is as inadequate as many of its historical predecessors In this pioneering work he proposes a new model of the human psyche that takes account of his findings Grof includes in his model the recollective level or the reliving of emotionally relevant memories a level at which the Freudian framework can be useful Beyond that is perinatal level in which the human unconscious may be activated to a reliving of biological birth and

confrontation with death How birth experience influences an individual s later development is a central focus of the book The most serious challenge to contemporary psycho analytic theory comes from a delineation of the transpersonal level or the expansion of consciousness beyond the boundaries of time and space Grof makes a bold argument that understanding of the perinatal and transpersonal levels changes much of how we view both mental illness and mental health His reinterpretation of some of the most agonizing aspects of human behavior proves thought provoking for both laypersons and professional therapists
