Beyond Foundationalism Beyond Foundationalism

Stanley James Grenz, John R. Franke

Beyond Foundationalism Beyond Foundationalism:

Beyond Foundationalism Stanley James Grenz, John R. Franke, 2001-01-01 Grenz and Franke provide a methodological approach for doing theology in the postmodern world They call for a theological method that moves beyond the Enlightenment way of ordering and understanding information foundationalism They propose a theological method that takes seriously the Spirit tradition and contemporary culture while stressing trinitarian structure community and eschatology

Beyond Foundationalism Stanley James Grenz, 2002 *Beyond Evangelicalism* Steven Knowles, 2016-12-05 A prolific author and thinker Stanley J Grenz was a respected and influential figure not only within evangelicalism but in the wider theological world Amongst the many issues tackled by him it is perhaps his revisioning of evangelical theology in the light of the postmodern challenge that has caused the biggest stir in the theological world Advocating a nonfoundationalist methodology Grenz attempts to re position evangelical theology in line with postmodern concerns This work examines the main traits of postmodern thought that would seem to directly challenge how evangelical theology is traditionally done An examination of the seminal influences on Grenz will be traced in order to understand more fully the position he takes A rigorous critique and assessment of his theological methodology will follow with the conclusion that his work goes beyond evangelicalism This will be the first book length treatment on Grenz s work on theological methodology and therefore will break new ground in this important area of study *Beyond Foundationalism* S. A. Crook, 1984 *Revisioning, Renewing,*

Rediscovering the Triune Center Derek J. Tidball, Brian S. Harris, Dr Jason S Sexton, 2014-11-10 An international cast of theologians come together in this volume to offer essays in tribute to the late Stanley J Grenz one of the leading theologians of his generation Accordingly the volume includes timely explorations in some of the most exciting areas in contemporary theology It is only fitting that these very explorations revolve around the key motifs of Grenz s theology Trinity community eschatology and the key sources from which he drew for theology s construction Scripture tradition culture While engaging key features seen in Grenz s work some of the essays here interact with Grenz s own writings reflecting on his theological journey and his contributions to evangelical theology In these ways this volume highlights the kind of evangelical theology that so many have experienced in recent years and of which Stan Grenz was a leading proponent *Revisioning Renewing Rediscovering the Triune Center* then makes a significant contribution to discussions in contemporary theology while itself setting out to honor the life and work of an eminent theologian who did so much for evangelical theology **A**

Postfoundationalist Comparative Christology David Muthukumar Sivasubramanian, 2022-03-28 Interreligious relationships are often hindered by epistemic disparity caused by the nexus between religions and state powers To solve this problem David Muthukumar Sivasubramanian develops a postfoundationalist epistemological framework to affirm the epistemic parity and plurality of religions while upholding their particularity and universality Building on this postfoundationalist epistemology a comparative Christology paradigm that uses insights from the extant comparative

theology method is reformulated with a Christological focus This model seeks to affirm the exclusive faith assertions of Christianity and the corresponding universal claims for Christ It also sustains the particular religious identity of a comparative theologian over against any compulsion to assume hybrid identity in the interreligious cross learning This comparative Christology framework is exhibited through cross learning with the Tamil Saiva Siddhanta tradition This method is shown to affirm not only the particularity and universality of Christianity but also of the Tamil Saiva Siddhanta tradition by defining each religion's attempt at their revealed truth as a parallel quest for truth Thus it facilitates dialogue across religions by securing one's self identity and the other's alterity

Reclaiming the Center Millard J. Erickson, Paul Kjoss Helseth, Justin Taylor, 2004-11-09 Reclaiming the Center is a valuable contribution to the study of contemporary evangelicalism It is a guide for how evangelicals can move forward with wisdom and discernment without succumbing to the spirit of this age

The Oxford Handbook of the Epistemology of Theology William J. Abraham, Frederick D. Aquino, 2017-06-01 The Oxford Handbook of the Epistemology of Theology brings together leading scholars in the fields of theology and epistemology to examine and articulate what can be categorized as appropriate epistemic evaluation in theology Part one focuses on some of the epistemic concepts that have been traditionally employed in theology such as knowledge of God revelation and scripture reason and faith experience and tradition This section also considers concepts that have not received sufficient epistemological attention in theology such as saints authority ecclesial practices spiritual formation and discernment Part two concentrates on epistemic concepts that have received significant attention in contemporary epistemology and can be related to theology such as understanding wisdom testimony virtue evidence foundationalism realism antirealism scepticism and disagreement Part three offers examples from key figures in the Christian tradition and investigates the relevant epistemological issues and insights in these writers as well as recognizing the challenges of connecting insights from contemporary epistemology with the subject of theology proper namely God Part four centres on five emerging areas that warrant further epistemological consideration Liberation Theology Continental Philosophy modern Orthodox writers Feminism and Pentecostalism This authoritative collection explores how the various topics figures and emerging conversations can be reconceived and addressed in light of recent developments in epistemology Each chapter provides an analysis of the crucial moves positions and debates while also identifying relevant epistemic considerations This Handbook fulfils the need for the development of this new conversation that will take its natural place in the intersection of theology and epistemology It links the fields of theology and epistemology in robust meaningful and significant ways

Theology in Search of Foundations Randal Rauser, 2009-08-20 A pithy account of theological rationality justification and knowledge that avoids the twin pitfalls of modern rationalism and postmodern irrationalism This lively and accessible survey debates with the ideas of key theological and philosophical thinkers past and present providing a fresh understanding of theology as a discipline

Revitalizing Theological Epistemology Steven B Sherman, 2010-03-25 In

Revitalizing Theological Epistemology Steven B Sherman addresses questions about what evangelical theology ought to be doing in light of the changing cultural situation He wonders if the Christian faith should continue to be presented and defended mainly according to Enlightenment principles when growing criticism of modern thought is affecting virtually every discipline and if evangelicalism and its intellectual leaders ought to wait it out or whether they should re vision their theology This book is about contemporary evangelical approaches to the knowledge of God considering and suggesting ways Christian philosophers and theologians envision and make use of theological knowledge in the postmodern context
