Beyond Policy Analysis Leslie Alexander Pal, 2001 **Beyond Policy Analysis** Leslie Alexander Pal, 2006 **Beyond Policy Analysis** Leslie A. Pal, 2006 **Policy Analysis in Canada** Michael Howlett, Laurent Dobuzinskis, 2018-05-23 Policy analysis in Canada brings together original contributions from many of the field's leading scholars. Contributors chronicle the evolution of policy analysis in Canada over the past 50 years and reflect on its application in both governmental and non-governmental settings. As part of the International Library of Policy Analysis series, the book enables cross-national comparison of public policy analysis concepts and practice within national and sub-national governments, media, NGOs and other institutional settings. Informed by the latest scholarship on policy analysis, the volume is a valuable resource for academics and students of policy studies, public management, political science and comparative policy studies.

Comparative Public Policy in Latin America Susan Franceschet, Jordi Díez, 2012-01-01 This pioneering collection offers a comprehensive investigation into how to study public policy in Latin America. While this region exhibits many similarities with the North American and European countries that have traditionally served as sources for generating public policy knowledge, Latin American countries are also different in many fundamental ways. As such, existing policy concepts and frameworks may not always be the most effective tools of analysis for this unique region. To fill this gap, *Comparative Public Policy in Latin America* offers guidelines for refining current theories to suit Latin America's contemporary institutional and socio-economic realities. The contributors accomplish this task by identifying the features of the region that shape public policy, including informal norms and practices, social inequality and weak institutions. This book promises to become the definitive work on contemporary public policy in Latin America, essential for those who study the area as well as comparative public policy more broadly.

Transforming Public Administration in Canada Jill Anne Chouinard, Susanne Thiessen, 2025-06-20 This book explores the intersection of social equity-related issues with concerns within the field of public administration in Canada. It challenges scholars from schools of public administration to use a social equity lens to reimagine and rethink the ways in which public administration is currently practiced.

Making Multilevel Public Management Work Denita Cepiku, David K. Jesuit, Ian Roberge, 2013-06-13 Public management increasingly takes place in multilevel settings since most countries are decentralized to one degree or another and most problems transcend and cut across administrative and geographical borders. A collaboration of scholars in the Transnational Initiative on Governance Research and Education (TIGRE Net), *Making Multilevel Public Management Work: Stories of Success and Failure from Europe and North America* brings together two strands of literature: multilevel governance and public management, and draws conclusions on practices of public management in multilevel governance settings. The book focuses on how to make multilevel public management work. Using an inductive logic, the editors study a particular case or a few selected cases, highlight lessons learned and implications, and identify trends and concerns. The book underscores factors essential to making multilevel public management work, namely

coordination and collaboration and new skills and leadership capacities It discusses the pitfalls of creating networks instead of managing them and the importance of finding the right leadership skills institutional design and network management mechanisms to avoid deadlock and manage conflict effectively Multilevel public management creates multiple opportunities and their accompanying challenges By bringing together case studies in Europe and North America this book identifies conditions for success and those under which such governance arrangements fail Demonstrating the insights gained by the cross fertilization of ideas the book has also been strengthened by the participation of researchers from various disciplines including public management political science and international relations economics as well as administrative law The interdisciplinary nature of the scholarship provides a complete and compelling portrait of multilevel public management as practiced and studied on two continents The book opens the debate on what is needed to make it work

A Comparative Analysis of Higher Education Systems, 2014-01-01 This is a well crafted timely book that comes at a time when so much is happening in higher education contexts across the world Clearly it is in response to these global and selectively local trends that Kariwo Gounko and Nungu bring together an impressive lineup of both established and emerging scholars who achieve a comprehensive and critically constructed perspective on tertiary education systems Collectively the chapters in this work shall expand the epistemic boundaries of the area and its affiliated disciplines and the book as a whole will greatly benefit interested scholars students education policy makers and the public at large Ali A Abdi Professor University of Alberta This book is a valuable contribution to knowledge on higher education and provides an international perspective on issues challenges and dilemmas resulting from the rapid expansion of higher education The volume is an excellent text that integrates theoretical and analytical studies as well as empirical regional studies It gives some insights on how different countries and regions have been responding to massification and accessing of higher education It will appeal to researchers graduate students and faculty in Higher or Post Secondary Education as well as International and Comparative Education

Edward Shizha Associate Professor Wilfrid Laurier University Brantford Campus **How Ottawa Spends, 2009-2010** Allan M. Maslove, 2009 This is the thirtieth volume in the series How Ottawa Spends It is arguable that never in these years have Canadians faced such serious economic upheaval and political dysfunction as the current climate The dramatic and seemingly sudden changes in the economy occurred simultaneously with a political drama one that was largely disassociated from the real and pressing economic challenge Early Harper budgets delivered lower taxes for all Canadians partly through highly targeted but politically noticeable small tax breaks on textbooks for students tools for apprentices in skilled trades and public transit costs The needs of the beleaguered average Canadian and the swing voter in the swing constituencies of an already strategized next election were a key part of Conservative agenda setting In the 2007 budget alone there were twenty nine separate tax reductions and federal spending was projected to increase by 10 billion including a 5.7 percent increase in program spending A small surplus of 3.3 billion was planned almost all of which would go to debt reduction As Harper

savoured his 14 October 2008 re election with a strengthened minority government although without his desired majority he and his minister of Finance already knew that his surpluses were likely gone in the face of the crashing financial sector and a looming recession Future deficits were firmly back on the agenda Contributors include Malcolm G Bird Carleton University Chris Brown Carleton University G Bruce Doern Carleton University and University of Exeter Melissa Haussman Carleton University Robert Hilton Carleton University Ruth Hubbard University of Ottawa Edward T Jackson Carleton University Kirsten Kozolanka Carleton University Evert Lindquist University of Victoria Allan M Maslove Carleton University Peter Nares Social and Enterprise Development Innovations Gilles Paquet University of Ottawa L Pauline Rankin Carleton University Jennifer Robson Carleton University Robert P Shepherd Carleton University Richard Shillington Informetrica Limited and Chris Stoney Carleton University **How Ottawa Spends 2008-2009** Allan Maslove, 2008-06-05 Analyzing the Harper government s agenda in the context of changing federal provincial relations
