The Music Industry in the Digital Age Richard Frenneaux, 2025-08-07

The *Music Industry in the Digital Age* examines the major shifts brought about by digital technology and platforms in the music industry. Frenneaux looks at how digital production tools, social media, and streaming services have impacted music distribution, creation, and consumption. Along with addressing the challenges of sustaining employment in a fractured attention economy, the book examines the democratization of music production and the ascent of independent artists. It looks at how record companies, producers, and A/R's changing roles in a data-driven environment, as well as how algorithmic curation affects genre boundaries and music discovery. Frenneaux explores the demands of continuous engagement and the

complexity of artist fan relationships in the social media age The work also tackles important concerns such mental health in the music industry and how platforms like TikTok affect virality and marketing for music Combining knowledge from academics industry professionals and artists the book presents a complete picture of both opportunities and challenges in the modern music industry Frenneaux balances artistic integrity with commercial viability in an always changing digital environment by exploring subjects including streaming economics DIY ethics and the blurring of mainstream and independent production so offering a nuanced view of how digital disruption continues to shape the future of the music industry

Transmedia Knowledge for Liberal Arts and Community Engagement Jon McKenzie, 2019-07-27 This book sets forth a pedagogy for renewing the liberal arts by combining critical thinking media activism and design thinking Using the StudioLab approach the author seeks to democratize the social and technical practices of digital culture just as nineteenth century education sought to democratize literacy This production of transmedia knowledge from texts and videos to comics and installations moves students between seminar studio lab and field activities The book also wrestles with the figure of Plato and the very medium of knowledge to re envision higher education in contemporary societies issuing a call for community engagement as a form of collective thought action
