Radical Reality Caty Borum, Caty Borum Chattoo, David Conrad-Pérez, 2025-04-11 *Radical Reality* reveals how independent documentary makers around the world produce cinematic stories that speak truth to power and why nonfiction storytelling matters for social justice Pushing against increasingly difficult political and economic constraints these tenacious filmmakers produce artistic nonfiction stories that stand up for freedom of expression serve as witnesses to conflict and resilience maintain cultural memory of human rights abuses and open intimate windows into acts of protest activism reconciliation and resistance that often go unseen in dominant news portrayals They collaborate with activists and civil society leaders to create powerful movements of dissent centering underrepresented voices providing spaces for community healing and recognition and challenging damaging narratives of people and their lived realities and they do so in significant times Across the globe forms of repression continue to be wielded against artists who challenge power And yet there is hope and inspiration found in the hands of storytellers who marshal a way forward again and again to push the status quo toward justice This book tells their stories **Continuing to Disrupt the Status Quo?** Whitney Sherman Newcomb, 2014-03-01 *Continuing to Disrupt the Status Quo* Young and New Women Professors of Educational Leadership was conceptualized as a follow up to *Breaking Into the All Male Club* Female Professors of Educational Administration Mertz 2009 a book about and by many women who were the first women faculty admitted into departments of educational administration primarily in the

1970 s and 1980 s This book offers narratives of those women new to the field of educational leadership and makes comparisons to those stories shared by the veteran women in the field to highlight both similarities and differences Continuing to Disrupt the Status Quo Young and New Women Professors of Educational Leadership is a literary way to preserve and continue the tradition of the sharing addition of voices to the field of educational leadership that was begun with Breaking Into the All Male Club It begs the question If the women from Breaking Into the All Male Club are firsts pioneers and groundbreakers then who are we the young and new women of the field If the entrance of women into the field of educational leadership was threatening enough for the veteran women and still is for many of the young and new women then the addition of age and ethnicity as confounding factors has likely created a cacophony of dissonance forty years later Continuing to Disrupt the Status Quo represents a decade of stories 2002 2012 from young and new women to the field of educational leadership
