[Action Workbook](#) Brian Tracy, 2017-07-24 The workbook version of the international bestseller helps you stop procrastinating and gives you skills to get more of the important things done There s an old saying that if the first thing you do each morning is eat a live frog you ll have the satisfaction of knowing you re done with the worst thing you ll have to do all day For Brian Tracy eating a frog is a metaphor for tackling your most challenging task but also the one that can have the greatest positive impact on your life Eat That Frog shows you how to organize each day so you can zero in on these critical tasks and accomplish them efficiently and effectively The core of what is vital to effective time management is decision discipline and determination This workbook puts the ideas of the original book into action By following the same twenty one chapter format as the book each chapter includes exercises for you to reflect on your own habits You ll also learn through the experience of a narrative character who is struggling with procrastination in her work and home life and uses Eat That Frog to improve her time management performance Praise for Brian Tracy Personal success and Brian Tracy are synonymous Nobody I know can teach you more about how to succeed and achieve than Brian He makes the case clearly and then proves it with his own remarkable life If he recommends it do it He knows what he s talking about Jim Cathcart author of The Acorn Principle
