Gregory Mankiw,2008 BRIEF PRINCIPLES OF MACROECONOMICS continues to be the most popular and widely used text
in economics classrooms today The fifth edition features a strong revision of content in all 36 chapters while maintaining the
clear accessible writing style and precise presentation that are the hallmark of this highly respected author Dozens of new
applications emphasize the real world relevance of economics for today s students through interesting news articles realistic
case studies and engaging problems The new edition also features an expanded instructor s resource package designed to
assist in course planning and classroom presentation as well as full integration of content with Aplia I have tried to put
myself in the position of someone seeing economics for the first time My goal is to emphasize the material that students
should and do find interesting about the study of the economy N Gregory Mankiw **American Book Publishing Record**
