to Creativity provides a comprehensive psycho biography of Johann Wolfgang von Goethe a giant of modern German and European literary political and scientific history The book brings this influential work by Rainer Matthias Holm Hadulla to the English language for the first time in a newly elaborated edition Goethe's path to creativity was difficult and beset by a multitude of crises beginning with his birth which was so difficult that he was initially not thought to have survived it and ending with an infatuation that left him at the age of 74 toying with the same kind of suicidal thoughts he had entertained as a 20 year old Throughout his long life he suffered bitter disappointments and was subject to severe mood swings Despite being a gifted child a widely recognized poet and an influential scientist and politician he spent his entire life loving and suffering nonetheless he had the exceptional ability to endure emotional pain and to transform his sufferings creatively The way in which he mined his passions for creative impulses continues to inspire modern readers Readers can apply the lessons they have learned from his life and use Goethe's strategies for their own creative art of living Goethe's Path to Creativity A Psycho Biography of the Eminent Politician Scientist and Poet will be of great interest to all engaged in the fields of creativity literature psychoanalysis psychology psychotherapy and personal growth *Briefwechsel mit Zeitgenossen 1765-1796*
