Artifice An Ingenious Expedient:

Artifice Jeff Hopkins, 2015-05-27 It is 1974 and Fiona Beaumont is escaping from a failed relationship and a career in the art world that has stalled She makes a spur of the moment decision to change direction and interacts with two generations from two very different families The Mitchells a service family who are constantly on the move end up in Munich in Germany where Deutronics a multi national electronics corporation provides them with a lifestyle of which they could hardly have dreamed The Robertsons from the western districts of Victoria have farmed at Casterton for four generations but their landholding future is uncertain as their only son Tim has a prodigious artistic talent and seems destined not to be a farmer following in his father s footsteps Then there is Jeremy a golden boy the Mitchells eldest son whose sexual dawning desires and denials cause him to discover a different self He wants to bite off big chunks of life chew them up and spit out the distasteful bits Slowly creeping into the consciousness of Tim Fiona and Jeremy is the influence of a 16th century Italian painter called Caravaggio For all its participants life has its crossroads and culs de sac some get left behind but most go on to foster a new generation of players

The Semiotics of Che Guevara Maria-Carolina Cambre, 2014-11-20 Alberto Korda s famous photograph of Che Guevara titled the Guerrillero Heroico has been reproduced modified and remixed countless times since it was taken on March 5 1960 in Havana Cuba This book looks again at this well known mass produced image to explore how an image can take on cultural force in diverse parts of the globe and legitimate varying positions and mass action in unexpected global political contexts Analytically the book develops a comparative analysis of how images become attached to a range of meanings that are absolutely inseparable from their contexts of use Addressing the need for a fluid and responsive approach to the study of visual meaning making this book relies on multiple methodologies such as semiotics research creation multimodal discourse analysis ethnography and phenomenology and shows how each method has something to offer toward the understanding of the social and cultural work of images in our globally oriented cultures

Webster's Collegiate Dictionary ,1916 **The Spiv** Jeff Hopkins, 2015-11-26 A retired sports journalist who we come to know only by his nickname Lumpy decides to tell the life story of one of his earliest and most interesting friends Robbie Sparrow The writer is caught in a dilemma should he tell it like it was or sanitise a life for a more palatable product After consultation with the subject of the proposed book Lumpy finally decides to recount the story warts and all So we share Robbie s naughty and sometimes wicked childhood his adventurous and experimental teenage years and the early part of his working life which sees him fishing commercially up and down the West Australian coast The last fishing trip results in a period of incarceration in Fremantle Gaol Called up for National Service Robbie subsequently does a year long tour of duty in Vietnam Upon his return he retreats to a bush block in the great southern of Western Australia Lumpy helps his friend develop the block and build his house and meets Angela for the first time Then with commitments at two America s Cups Lumpy and Robbie lose touch When there is a twitch on the thread everything has changed and not for the better A previous

gentlemen s agreement between Robbie and Cliff Birmingham honoured years before is now paid back in spades and Robbie Sparrow has some golden years and a positive influence on some young lives Lumpy gets an ending to his book but it really wasn t the one he wanted Ido-English Dictionary Luther H. Dyer,1924 **A Taste for China** Eugenia Zuroski Jenkins,2013-05-23 A Taste for China offers an account of how literature of the long eighteenth century generated a model of English selfhood dependent on figures of China It shows how various genres of writing in this period call upon things Chinese to define the tasteful English subject of modernity Chinoiserie is no mere exotic curiosity in this culture but a potent multivalent sign of England s participation in a cosmopolitan world order *The Speaking Self: Language Lore and English Usage* Michael Shapiro,2017-02-28 This book aims to explain social variation in language otherwise the meaning and motivation of language change in its social aspect It is the expanded and improved 2nd edition of the author s self published volume with the same title based on revised and adapted posts on the author s LanguageLore blog Each vignette calls attention to points of grammar and style in contemporary American English especially cases where language is changing due to innovative usage In every case where an analysis contains technical or recondite vocabulary a Glossary precedes the body of the essay and readers can also consult the Master Glossary which contains all items glossed in the text The unique form of the book s presentation is aimed at readers who are alert to the peculiarities of present day American English as they pertain to pronunciation grammar and style without dumbing down or compromising the language in which the explanations are couched b Praise for the First Edition Michael Shapiro is one of the great thinkers in the realm of linguistics and language use and his integrated understanding of language and speech in its semantic and pragmatic structure grammatical and historical grounding and colloquial to literary stylistic variants is perhaps unmatched today This book is a treasure to be shared Robert S Hatten The University of Texas at Austin Jewel of a book a gift to us all from Michael Shapiro Like a Medieval Chapbook it can be a kind of companion whose vignettes on language use can be randomly and profitably consulted at any moment Some may consider these vignettes opinionated That would be to ignore how deeply anchored each vignette is in Shapiro s long and rare polyglot experience with language It could well serve as a night table book taken up each night to read and reflect upon to ponder both in the twilight mind and in the deeper reaches of associative somnolence There is nothing else like it that I know of James W Fernandez The University of Chicago Opinion Addressed to the Postmaster-General as the Use of the Mails in the Promotion of Certain So-called Bond-investment Schemes United States. Assistant Attorney-General for the Post-Office Department,1900 **Cub Reporters** Paige Gray,2019-08-01 Cub Reporters considers the intersections between children s literature and journalism in the United States during the period between the Civil War and World War I American children s literature of this time including works from such writers as L Frank Baum Horatio Alger Jr and Richard Harding Davis as well as unique journalistic examples including the children s page of the Chicago Defender subverts the idea of news In these works journalism is not a reporting of fact but a reporting of artifice or

human made apparatus artistic technological psychological cultural or otherwise Using a methodology that combines approaches from literary analysis historicism cultural studies media studies and childhood studies Paige Gray shows how the cub reporters of children s literature report the truth of artifice and relish it They signal an embrace of artifice as a means to access individual agency and in doing so both child and adult readers are encouraged to deconstruct and create the world anew

Adopting the Melody of Term: An Emotional Symphony within **Artifice An Ingenious Expedient**

In a global consumed by displays and the ceaseless chatter of fast connection, the melodic beauty and emotional symphony developed by the published term usually disappear into the back ground, eclipsed by the constant noise and interruptions that permeate our lives. However, set within the pages of **Artifice An Ingenious Expedient** a charming fictional value brimming with natural feelings, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, this interesting masterpiece conducts visitors on an emotional journey, well unraveling the hidden melodies and profound affect resonating within each cautiously constructed phrase. Within the depths of this touching assessment, we can investigate the book is main harmonies, analyze its enthralling writing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
