Find Your Soul Rev. Dr. Sandy Range Ph.D. LMHC, 2019-07-19. I wasn't always Dr. Sandy. I once was a lost little girl seeking for anyone to love and care about me. I didn't feel human and felt like I was from another planet. I just didn't belong. I went through this cycle for many years until I discovered that I was Soul. This discovery led me to get my graduate and then doctoral degrees. It led me down a path I had been taught in childhood but had forgotten. That was the path of medicine, woman and shaman, and then I became an esoteric metaphysical minister. You see, in order to find your soul, you really do have to lose your mind. I did, and I questioned everything. What is God? Who are humans really? What are we supposed to be doing here? I found that as humans, we are becoming plagued in a stagnant pattern of pain, illness and suffering everywhere in the world. This is not how it is meant to be. I found that living through our Soul Self allows us to see the world more clearly and accurately and can remove the patterns of suffering and struggle. The world is changing, and many people have forgotten how to be fully human. However, many are awakening, knowing, sensing and feeling there is something more. If you are one of those people, open these pages and discover how to raise your consciousness and heighten your awareness. Discover how we should be fully aware of the ego mind that will lead us to believe we are either greater than great or just no good. Even when we are neither, we believe it anyway. That is the power of ego. What you will discover is how to pay much more attention to your soul consciousness by getting out of our heads and begin living from the place of soul. We've forgotten who we are. Being fully human requires reigning in the ego and becoming the Divine Beings we truly are. Soul is Divine, after all. Consciously Female Tracy Gaudet, Paula Spencer, 2007-12-18. In this revolutionary new book, Dr. Tracy Gaudet, director of the Duke Center for Integrative Medicine, shares her remarkable vision of a new way of looking at self and wellness, which will change the way women think about their bodies, their health and their lives. Through her own personal journey as well as her work with thousands of women as an OB/GYN, Dr. Gaudet knows that being able to tap into the spiritual, emotional and cyclical realities of female life has a powerful effect on health and well-being. Yet she has found that many women are unconscious of the intimate connections between these realms. Now Dr. Gaudet explains to women how to reconnect their bodies and their souls in order to become consciously female. Using her experience in integrative medicine, which draws on the best of both alternative and conventional Western practices, she offers mind-body techniques that will give you a deeper understanding of

the inner workings of your body and access to your unique feminine wisdom By helping you make the best possible choices to support your health and wellness the process of becoming consciously female will enrich and empower your life day to day week to week year to year
