

AutoCAD® 2013 Preview Guide

With powerful tools for design aggregation, AutoCAD® 2013 software helps connect and streamline your design and documentation workflows. Import and aggregate models from almost any format, and quickly create detailed design layouts and drawing views that automatically update when the source model changes. Save time with an enhanced and more effortless user interface and a customizable command line display. Synchronize your drawings with Autodesk® 360 technology to access your designs from almost anywhere. You can find and install hundreds of different Autodesk screened AutoCAD companion apps from a single destination, extending the power of your software more easily than ever before.

Autocad 2013 User Manual Greek
