Biblical Hebrew Step By Step Volume 1:

Biblical Hebrew Step by Step Menahem Mansoor, 1984-07 After years of classroom testing and development this major new textbook is offered for learning biblical Hebrew The author is one of today's foremost teachers of Hebrew *Key to Biblical Hebrew Step by Step* Menahem Mansoor, 1978-07 Provides model translations of the exercises found in the text

In the Beginning David S. Bradford, 2008-10 The creation account that begins the Old Testament exhibits conspicuous structures that have intrigued scholars, theologians and casual readers alike A typical response is to merely acknowledge the author's clever use of poetic devices But is this an adequate explanation and response Or could the mystifying surface text be an invitation to seek a deeper message hiding in plain sight In fact the start of Genesis contains enough clues to help us decode its hidden content And that same content is among other things a tiny seed which has determined the blossoming of the whole Bible Finding the cryptic content in the Hebrew Torah is like bringing a magic lantern into proper focus Suddenly it becomes obvious why widely separated biblical episodes came about All at once hitherto obscure passages are brought into the limelight Mysterious prophecies and apparent contradictions in books like Ezekiel and Revelation Ezra and Nehemiah finally make perfect sense but in surprising ways And all this from one strategically placed incredibly compact literary artefact The prophets are not alone in having found the key to the hidden mysteries The same phenomenon also illuminates both the rise and final demise of the enigmatic Knights Templar In due course the same seed became misrepresented in popular myths and legends as well as shaping the symbolism of particular secret societies Perhaps the most surprising attribute of the creation account is that it does after all conceal descriptions of the way our physical universe works even from its remotest beginning Includes over 80 original illustrations *Biblical Hebrew for All* Tian Hattingh, 2021-04-28 This is a uniquely different textbook for studying Biblical Hebrew It was written by a fellow student who found that gaining some very basic knowledge of the language dramatically and positively changed his previously held views of the Old Testament In addition the author realized that the language was actually not so difficult to master and that someone with an average intelligence like himself could with a bit of dedication and effort actually master the bulk of the material He started teaching his friends in South Africa and later in China They were ordinary folk from all walks of life who also for some time wanted to gain a basic insight into the original language of the Old Testament but did not want to in any way become involved in formal academic studies The author was delighted to find that the style and pace in which he presented the material coupled with their enthusiasm resulted in these laymen and women immediately making rapid and lasting progress They agreed that the new insights gained even from the first lesson were fascinating and they were excited by the prospect of learning more He soon realized that the textbooks available at that time were not written with these type of students in mind and he started making hand outs suitable for his special target population With the encouragement of his mentor from a few decades earlier to whom this book is dedicated and another genius in the field he perfected the notes technically and they became the

genesis of what is now presented in this publication *Days? or Ages? the Genesis Question* Jerry Harmon, 2016-03-18 *Days or Ages* offers a fresh look at a centuries old debate Does the Bible say creation was accomplished within one week of time beginning a few thousand years ago or over countless millennia beginning millions or even billions of years in the distant past Opinions abound from biblical scholars scientists and laypeople alike and achieving a clear perspective can be difficult at best This work summarizes a thorough examination of Genesis 1 including relevant passages from other parts of the Bible all in plain straightforward language Rather than begin with assumptions as so many opinions do and from there select and interpret scriptures in such a way as to support a given view this work instead first provides a detailed examination of what Scripture itself appears to reveal all Scripture that bears on the issue and then examines what one might reasonably conclude Although written by a layman it draws from a wealth of scholarly works by some of the worlds leading theologians and other learned professionals Whatever ones opinion might be this thesis will be informative reading and a significant resource to help clear away some of the clouds of mystery surrounding one of the Bibles most challenging subjects *The Battle of The Sexes: It's Been Downhill Since The Garden* H.R. Boaz, 2021-05-08 *The Battle of the Sexes* explores how the Word of God YHWH both the Old Testament and the New Testament has been twisted to support a narrative that is not in the Scriptures Traditional translations and teachings of the Bible have either presumed or assumed that men are given power and dominion over women But nowhere in the Bible is this statement made not even in Genesis Bereishis 3 16 And your husband will rule over you which is not spoken as an imperative but rather as a prophecy The original Hebrew language of the first five books of Moses also known as the Torah Old Testament tells a very different story of the primal couple A story that is contrary to what is often taught in all religions that use the Word of YHWH as their foundation namely Judaism Christianity and Islam With an abbreviated overview of human history as told from YHWH s point of view we discover a connection of how all cultures have come to share similar myths legends and stories with the Torah And how these ancient archetypes of good and evil have been misused to support a psychological and socio political advantage of men over women Likewise a brief foray into the unique Hebrew language the ancient language in which YHWH created our world and dictated the Torah to Moses provides proof that the Word of God is indeed communication from another dimension Like a massive encrypted message the Torah includes multiple levels of God given fences that protect the Word of God from man s distorted perspective The Hebrew language itself provides the most significant fence Like no other language each Hebrew word defines itself by the letters that make up the word This is only one feature of the holy text that assures that the instructions of YHWH remain intact regardless of man s interpretations *The Battle of the Sexes* is an examination from a fresh viewpoint into the issues that arise between the genders which stem from the original disobedience of God s one instruction by the primal couple in the Garden of Eden Gan Eden We see a more complete perspective of who did what in the initial defiance and how we continue to struggle in the female male relationship with those very same issues first raised in Gan Eden Moreover with

clarity the Hebrew language reveals a much greater significance of the female to the human experience than is typically taught in any religion Exposed in her Hebrew name which is not usually translated properly is her irrefutable role in God's plan of salvation for the human race God did not make women subservient to men and YHWH did not give men or women dominion over anything but the animals and the earth to utilize as God intends Humanity is to work together not to manipulate or fight to assume power over one another Nowhere is this idea more consequential than in the marriage relationship Being the preeminent human relationship YHWH presents marriage as the foundation for all other human relationships from Bereishis the beginning creation of our world and the human creature Undergirding the arrogant impudent presumption that men are to rule over women is the equally destructive fallacy that God is masculine The Battle of the Sexes explores how from the initial verses and chapters of the first book of Torah the book of Genesis we begin to understand how as the Jewish Sages say with the change of one letter the world is destroyed With the misinterpretation and misunderstanding of one Hebrew word adam our modern grasp of the essence of YHWH and the female male relationship as described in Torah has been distorted and all but destroyed The Battle of the Sexes is sure to not only answer but raise many questions regarding the female male relationship as well as humanities relationship with God
