you'll find yourself reaching for this indispensable resource again and again **The Future of the Kingdom in Prophecy and Fulfillment** Martin J. Wyngaarden, 2008-07-04 **The Biblical Covenant in Shakespeare** Mary Jo Kietzman, 2018-02-09

The theological-political idea of covenant, a sacred binding agreement that formalizes relationships and inaugurates politics in the Hebrew Bible, was the most significant revolutionary idea to come out of the Protestant Reformation. Central to sixteenth-century theology, covenant became the cornerstone of the seventeenth-century English Commonwealth, evidenced by Parliament's passage of the Protestation Oath in 1641, which was the first national covenant against popery and arbitrary government, followed by the Solemn League and Covenant in 1643. Although there are plenty of books on Shakespeare and religion, and Shakespeare and the Bible, no recent critics have recognized how Shakespeare's plays popularized and spread the covenant idea, making it available for the modern project. By seeding the plays with allusions to biblical covenant stories, Shakespeare not only lends ethical weight to secular lives but develops covenant as the core idea in a civil religion or a founding myth of the early modern political community. Writing small family and friendship and large business and state Playhouse relationships, especially those between actors and audiences, were also understood through the covenant model, which lent ethical shading to the convention of direct address. Revealing covenant as the biblical beating heart of Shakespeare's drama, this book helps to explain how the plays provide a smooth transition into secular society based on the idea of social contract.

Architect of Reformation Bruce Gordon, Emidio Campi, 2019-03-22

Heinrich Bullinger, the friend and successor of Huldrych Zwingli, led the Zurich church for almost fifty years after Zwingli's death and was largely responsible for the construction of the Reformed church in the sixteenth century. Nevertheless, Bullinger has often been called the forgotten Reformer of the sixteenth century. *Architect of Reformation* is the first broad introduction to Bullinger's life and theology available in English. The book features an international collection of the world's leading Bullinger and Reformation scholars addressing such categories as theology, spirituality, ecclesiology, humanism, politics, and family. At the five hundred-year anniversary of Bullinger's birth, *Architect of Reformation* gives the often overlooked Swiss Reformer his long overdue and much deserved recognition as a leading figure among second-generation Reformers.

Baba, 2025-10-31 Biblical values are true for every age Yet under increasing influence from political economic and cultural spheres covenantal marriage has seemingly lost its significance in the eyes of the world As it stands God s design for marriage is overlooked in favour of unfaithful practices and frivolous divorces How can Malachi s teaching on covenantal dynamics speak into this pressing issue Countering this deterioration Dr Stephen Oluwarotimi Y Baba proffers a biblical solution to covenantal marriage discussions through literary and exegetical examinations of Malachi 2 10 16 Exploring the pastoral implications of the text for the contemporary body of Christ Dr Baba reveals the inherent dangers of unfaithfulness in marriage unions In doing so he argues that God s goal in Malachi is restoring the original glorious and eternal institution of marriage to its mirror the marriage of God to His people Outlining the biblical ethical values of marriage as covenant this work offers a developed theological understanding of marital unfaithfulness for academic and church communities seeking fresh insight on the topic
