Andrew Jackson

Andrew Jackson Encyclopedia Of Presidents

Jeanne Cheyney,Arnold Cheyney

Andrew Jackson Encyclopedia Of Presidents:

Andrew Jackson Kieran Doherty, 2003 Tennessean Andrew Jackson came from a different mold than the first six presidents he was the first not from Virginia or Massachusetts and the first from a state west of the Appalachians He began as a lawyer but made his reputation as a fighter He was the hero of the Battle of New Orleans against the British in 1815 invaded Spanish Florida without orders and helped drive Native Americans out of the southeastern states He also fought for ordinary people against rich merchants and bankers As president he opened the White House to common people and campaigned personally for support and votes He owned slaves and considered himself a Southerner but he believed in the Union and sent troops to enforce federal laws in South Carolina Book jacket

Women in the Life of Andrew Jackson Ludwig M. Deppisch, M.D., 2021-05-19 Andrew Jackson is one of the most significant and controversial United States Presidents This book follows Jackson's life and death through the lives of six women who influenced both his politics and his persona His mother Elizabeth Hutchinson Jackson introduced him to their Scots Irish heritage Jackson's wife Rachel Donelson Jackson provided emotional support and a stable household throughout her life Emily Donelson his niece was the White House hostess for most of his presidency and was one of the few women to stand up to Jackson's overbearing nature She along with Rachel Jackson and Mary Eaton the wife of Jackson's Secretary of War was also involved in the Petticoat Affair a historic scandal that consumed the early Jackson administration His daughter in law Sarah Yorke Jackson and niece Mary Eastin Polk supported Jackson in his retirement and buttressed his political legacy These six women helped to mold support and temper the figure of Andrew Jackson we know today

Andrew Jackson Sean Wilentz, 2007-04-01 The towering figure who remade American politics the champion of the ordinary citizen and the scourge of entrenched privilege It is rare that historians manage both Wilentz's deep interpretation and lively narrative Publishers Weekly The Founding Fathers espoused a republican government but they were distrustful of the common people having designed a constitutional system that would temper popular passions But as the revolutionary generation passed from the scene in the 1820s a new movement based on the principle of broader democracy gathered force and united behind Andrew Jackson the charismatic general who had defeated the British at New Orleans and who embodied the hopes of ordinary Americans Raising his voice against the artificial inequalities fostered by birth station money and power and political privilege Jackson brought American politics into a new age Sean Wilentz one of America's leading historians of the nineteenth century recounts the fiery career of this larger than life figure a man whose high ideals were matched in equal measure by his failures and moral blind spots a man who is remembered for the accomplishments of his eight years in office and for the bitter enemies he made It was in Jackson's time that the great conflicts of American politics urban versus rural federal versus state free versus slave crystallized and Jackson was not shy about taking a vigorous stand It was under Jackson that modern American politics began and his legacy continues to inform our debates to the present day
