Animal Ghosts Elliott O'Donnell:

Animal Ghosts Or, Animal Hauntings and the Hereafter O'Donnell Elliott, 2024-11-01 Elliott O'Donnell's *Animal Ghosts* is a fascinating look at the spirit international through the eyes of animals O'Donnell's book which came out inside the early 1900s appears into many stories and folklore about ghostly conferences with animals He appears into frightening memories approximately phantom puppies cats horses and other animals searching into the religious and magical links among those things and the residing world O'Donnell's artwork are a collection of scary stories and private essays that shed light on the abnormal and regularly unexplainable appearances of animal ghosts He talks approximately how crucial these conferences are and attempts to parent out why the man or woman is showing up He also talks about how those meetings affect our information of the destiny and the spirit international In the book O'Donnell mixes his interest within the supernatural with a logical point of view to try to clear up the thriller of animal ghosts and the way they might have an effect on human beings's minds *Animal Ghosts* is still a superb book for people who are inquisitive about the supernatural because it combines anecdotal proof with a deep look at the mystical hyperlinks between animals and the spirit international

thought that after these experiences nothing would have induced me to have run the risk of another such encounter yet only a few days after the incident of the head I was again impelled by a fascination I could not withstand to visit the same quarters In sickly anticipation of what my eyes would alight on I stole to the foot of the staircase and peeped cautiously up To my infinite joy there was nothing there but a bright patch of sunshine that in the most unusual fashion had forced its way through from one of the slits of windows near at hand After gazing at it long enough to assure myself it was only sunshine I quitted We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience Animal Ghosts Elliott Donnell, 2019-11-23 It is to testify to a future existence for animals and to create a wider interest in it that Mr O Donnell has undertaken to compile this book and his object he believes can best be achieved in his own way the way of the investigator of haunted places The mere fact that there are manifestations of dead people proves some kind of life after death for human beings and happily the same proof is available with regard to future life for animals indeed there are as many animal phantasms as human perhaps more hence if the human being lives again so do his dumb friends Contents cats dogs horses and the unknown bulls cows and pigs wild animals and the unknown inhabitants of the jungle birds and the unknown **Animal Ghosts** Elliott O'Donnell, 2015-10-27 Chapter I CAT In opening this volume on Animals and their associations with the unknown I will commence with a case of hauntings in the Old Manor House at Oxenby My informant was a Mrs Hartnoll whom I can see in my mind's eye as distinctly as if I were looking at her now Hers was a personality that no lapse of time nothing could efface a personality that made itself felt on boys of all temperaments most of all of course on those who like myself were highly strung and sensitive She was classical mistress at L's then well known dame school in Clifton where for three years prior to migrating to a Public School I was well grounded in all the mysticisms of Kennedy's Latin Primer and Smith's First Greek Principia I doubt if she got anything more than a very small salary governesses in those days were shockingly remunerated and I know poor soul she had to work monstrously hard Drumming Latin and Greek into heads as thick as ours was no easy task But there were times when the excessive tension on the nerves proving too much Mrs Hartnoll stole a little relaxation when she allowed herself to chat with us and even to smile Heavens those smiles And when I can feel the tingling of my pulses at the bare mention of it she spoke about herself stated she had once been young a declaration so astounding so utterly beyond our comprehension that we were

rendered quite speechless and told us anecdotes Chapter II Chapter III Chapter IV Chapter V Chapter VI Chapter VII
Chapter VIII
