Herrmann,2014-10-14 Exploring what the author calls the shaman poets Walt Whitman Herman Melville and Emily Dickinson this book demonstrates how far ahead of their times these writers were in forecasting developments of our current time It was Whitman who first wrote of Spiritual Democracy as a vision of transformation and global equality Steven Herrmann delves deep into the visionary expressions of this idea of Spiritual Democracy the realization of the oneness of humanity with the universe and all its forces in these early American writers showing the influence the groundbreaking work of the geologist and thinker Alexander Von Humboldt had on Whitman and others Writing that every member of the global community regardless of color gender or sexual orientation can realize these freedoms the author explores how one can tap into the vitalizing source of equalizing vocational energy to bring a sense of purpose and peace Although the book shines as a work of literary criticism the author s insights as a Jungian psychotherapist take the reader ever deeper into the creative impulses of Whitman Melville Dickinson and other poets in their crafting of the seminal notion of Spiritual Democracy In addition Herrmann offers practical methodologies for personal and global transformation in the section Ten Ways to Practice Spiritual Democracy Table of Contents Visions of Spiritual Democracy Introduction 1 Cosmos 2 Spiritual Democracy as a Science of God 3 From Humboldt to Jung 4 Jung on Spiritual Democracy 5 Healing the National Complex 6 Whitman s New Bible The Foundation of a Religious Vision 7 Walt Whitman s Global Vision 8 The Bi Erotic as Transcendent Sexuality 9 Shamanism and Spiritual Democracy A Post Humboldtian Notion of the Cosmos 10 Whitman as a Preserver of the Psychic

in the Age of Ecological Apocalypse addresses an array of relationships in the Last Emergency and how one's relationship with oneself may enrich or impede interactions with all other beings. Drawing upon her deep experience as a life coach, Baker writes of the specific need to understand our key relationships in a society in collapse and how to navigate through differing levels of acceptance of collapse trauma and grief. Key relationships include those with our partners, children, friends, neighbors, as well as relationships with our work, our bodies, our natural resources, food, and eating animals, future generations, Eros, and indeed the powers of the universe. Baker's writing is engaging, inspiring, and often beautiful in its depth and candor. She introduces a variety of spiritual practices to facilitate our developing a relationship with the deeper Self. With these practices and giving and receiving support from others who are walking a similar path, we begin to live more frequently from the deeper Self or at least are able to access it more quickly when we find ourselves becoming embroiled in the ego.

**Time to Stand Up**  
Thanissara, 2015-08-18

**Time to Stand Up** retells the story of the historical Buddha, one of the greatest sacred activists of all time, as a practical human being whose teachings of freedom from suffering are more relevant than ever in this time of global peril. Evolving onward from the patriarchal template of spiritual warriors and their quests, former nun Thanissara explores awakening from within a feminine view where the archetypes of lover and nurturer are placed as central and essential for a sustainable world. **Vital** is an investigation into the pinnacle of Buddhist practice: the realization of the liberated heart. Thanissara questions the narrative of transcendence and invites us into the lived reality of our deepest heart as it guides our journey of healing, reclamation, and redemption. As the book unfolds, the author examines traditional Buddhism, often fraught with gender discrimination, and asks the important question: Can Buddhist schools, overly attached to hierarchical power structures and often divorced from the radical and free inquiry exemplified by the Buddha, truly offer the ground for maturing awakening without undertaking a fundamental review of their own shadows? Chapter by chapter, the book relates Siddhartha Gautama's awakening to the sea change occurring on Earth in present time as we, as a civilization, become aware of the ethical bankruptcy of the nuclear and fossil fuel industry and the psychopathic corporate and military abuse of power currently terrorizing our planet. Thanissara relates the Buddha's story to real-life individuals who are living through these transitional times, such as Iraq war veterans, First Nation People, and the Dalai Lama. **Time to Stand Up** gives examples of the

Buddha's activism such as challenging a racist caste system and violence against animals stopping war transforming a serial killer and laying down a nonhierarchical structure of community governance actions that would seem radical even today Thanissara explores ways forward deepening our understanding of meditation and mindfulness probing its use to pacify ourselves as the cogs in the corporate world by helping people be more functional in a dysfunctional systems and shows how these core Buddhist practices can inspire a wake up call for action for our sick and suffering planet Earth About the Sacred Activism series When the joy of compassionate service is combined with the pragmatic drive to transform all existing economic social and political institutions a radical divine force is born Sacred Activism The Sacred Activism Series published by North Atlantic Books presents leading voices that embody the tenets of Sacred Activism compassion service and sacred consciousness while addressing the crucial issues of our time and inspiring radical action
