Spiritual Health and Healing Vedantin Ping Luo and Dennis Hill, 2010-10-30 Spiritual Health and Healing means using spiritual concepts of different traditions to reveal the true purpose of life As human beings we live in the world with a sense of duty and responsibility to society and at the same time we experience the ultimate spiritual beings within our physical bodies When we are in harmony with the mother earth father sky and the entire cosmos we experience the right relationship with all that exists in the universe and we then reside in peace joy love and compassion There is no more suffering or struggle Even when suffering or struggles do exist they solely serve to remind us that we are human beings with a purpose to live and experience the beauty and love beyond everyday experiences Spiritual healing is nothing magical or superficial It is rooted in our everyday lives and an everyday living philosophy In life we experience suffering in many different ways Spiritual healing teaches us the ways to connect to the cosmos and divinity through our body and experiences These connecting agents serve the same function and they are neither superior nor inferior to one another The lessons in *Spiritual Health and Healing* are

derived from different traditions and serve to bring us harmony within the human race as well as to bring peace to everyone and to every place

Remote Viewing David Morehouse, 2010-11-05 It possible to see across space and time Even those who accept that humans can reach beyond the conventional five senses typically think of psychics as special or gifted with unusual abilities But David Morehouse teaches other wise all human beings including you have the innate capacity for Remote Viewing David Morehouse was trained by the U S government in Remote Viewing an exact scientific protocol for tapping the human power to gather information across space and time In this comprehensive manual he has taken his military training as an operational Remote Viewer and turned it into a step by step training system one that teaches any serious reader how to unlock their natural abilities and become more than the physical world allows You have the ability to do this Morehouse says Something extraordinary is absolutely possible in your life Remote Viewing is more than simply a method for gathering information It is a transformational tool instilling within you the absolute and irrefutable evidence that you are more than human that you are extraordinarily human As you gain experience and confidence as a Viewer you will tap into the collective unconscious that connects you to everything and everyone in the universe Through David More house s training you will learn to touch the infinite source of life and knowledge that spiritual masters throughout human history have sought

Sojourns of the Soul Dana Micucci, 2012-12-19 *Sojourns of the Soul* differs from other inspirational travel books by providing a rare mix of in depth wisdom and literary insights from the holistic view of one experienced female traveler Dana Micucci gives a compelling account of her growing spiritual illumination through visits to some of the most sacred places on earth Her lively engaging narrative takes us to seven sites in all the Australian outback Angkor in Cambodia the Valley of the Kings in Egypt Lhasa in Tibet Chichen Itza in the Yucatan the Monastery of Christ in the Desert in New Mexico and Machu Picchu in Peru Micucci links each visit with the awakening of a particular chakra the chakras being the seven energy centers of the body associated in Hinduism with progressive enlightenment In the afterword she reflects on how her experiences continue to shape her life after resuming her career as a journalist in New York City she finds she is more tolerant can engage in daily activities with more heart centered awareness and can sustain states of joy and gratitude for longer periods of time The book will be a page turner for readers who yearn for long delayed adventure with the added benefit that it is not just a journey log but more of a seeker s manual travel is simply the vehicle Readers will find that they don t have to travel to far flung places for the spiritual inspiration available in their everyday lives As Micucci says Each day brings new remembrances of our divinity of the Divine presence in all beings and of our eternal connection to each other I am so grateful to be here NOW with you
