Corea The Hermit Nation William Elliot Griffis, 2022-03-09 Described as a hermit nation because it isolated itself from the rest of the world Korea remained very little known to English speakers in the late nineteenth century During his time in Japan the American author and educator William Elliot Griffis 1843 1928 who did much to foster understanding between the United States and Japan became fascinated by Korea and its influence on Japanese history and culture This historical outline of Korea is compiled from printed sources and eyewitness accounts rather than from personal experience since Griffis was yet to visit Korea at this point Despite this and the fact that he was sometimes criticised for presenting Korea in comparison with Japan this book was well received Google
