Angel In The Whirlwind Metatron:

The Legends of the Jews (Vol. 1-4) Louis Ginzberg, 2023-12-18 Louis Ginzberg's monumental work *The Legends of the Jews* Vol 1-4 offers an expansive anthology of Jewish folklore weaving together ancient narratives from the Torah Talmud and Midrash enriched by Ginzberg's own scholarly insights. This collection is marked by a meticulous literary style characterized by its rich descriptions and engaging storytelling that brings to life the moral and theological nuances embedded within these legends. In the context of early 20th century scholarship, Ginzberg's work stands as a bridge between the sacred texts and the modern reader, highlighting the cultural reverberations of these tales across centuries and their significance in shaping Jewish identity and thought.

Louis Ginzberg (1873-1953) was a prolific Jewish scholar, theologian, and historian whose deep commitment to Jewish education informed his literary pursuits. Born in Lithuania and later immigrating to the United States, Ginzberg's academic journey was marked by a profound engagement with Jewish texts and a desire to preserve and popularize Jewish folklore. His background and scholarship not only reflect his reverence for these traditions but also his intent to make accessible the rich tapestry of Jewish imagination and spirituality. This work is highly recommended for readers interested in Jewish literature, folklore, and history. Ginzberg's accessible prose invites readers of all backgrounds to explore the depth of Jewish heritage while fostering a greater understanding of universal themes such as faith, morality, and human experience. *The Legends of the Jews* is essential reading for anyone seeking to delve into the rich narrative world of Jewish storytelling. [Revelation of Metatron](#) Scriptural Research Institute, 1901 *The Revelation of Metatron* is a medieval Jewish work that claims to have been written in the late 2nd century AD by Rabbi Ishmael the High Priest. It is known by various names, including the *Sepher Hekhalot* (Book of the Palaces), the 3rd Book of Enoch, and the Book of Rabbi Ishmael the High Priest, although its most common name is the *Revelation of Metatron*. The earliest name for the work was likely the *Sepher Hekhalot* (Book of the Palaces), however, all copies have been so reworked that it cannot be known for sure. It is clear that Rabbi Ishmael did not write it, and his name, which is in almost every verse, was inserted to replace another name that the medieval publisher did not want associated with the book. Rabbi Ishmael was the author of the book called *Hekhalot Rabbati* (Greater Palaces) sometime between 100 and 130 AD, and his name was later used as a pseudonym by many authors of *Merkabah* literature between 200 and 1000 AD. *Hekhalot* (Palaces) and *Merkabah*

Flying chariot are two related forms of Jewish literature that developed from the visions from in the prophetic books such as Ezekiel apocalyptic books such as Isaiah and the Enochian tradition Hekhalot literature which includes books that focus on Merkabah such as Maaseh Merkabah Working of the Flying Chariot is the term used for works written during the Second Temple era During the Second Jewish Roman War Merkabah literature was prohibited largely it seems due to the teachings of Rabbi Elisha ben Abujah more commonly referred to as Aher meaning the other After the literature was banned it went underground and continued to be used in secret resulting in the Merkabah Flying chariot literature which itself later gave rise to the Kabbalah school of Judaism At each stage the literature became more metaphysical and spiritual resulting in stranger and stranger texts for the uninitiated much of which can be seen in the various additions and redactions to the Revelation of Metatron The contents of the chapters of the Ascension of Moses that have survived to the present show that the Ascension is an earlier version of the Revelation of Metatron and the original protagonist of the story later redacted to Rabbi Ishmael There are several parallels between the stories of Moses and Metatron in the Ascension and the stories of Ishmael and Metatron in the Revelation however the Revelation includes several heretical concepts that the original redactor and author of Chapter 16 did not want to ascribe to Moses and therefore used the popular Merkabah pseudonym Ishmael The date of the original redaction is also difficult to determine as Aher is a heretic in the Talmuds and Tosefta and so the derogatory nick name could have been adopted from the Talmud or Tosefta at any point Nevertheless if the original work was Rabbi Elisha s Aher s Sepher Hekhalot it would have likely been redacted before the Babylonian Talmud s version of the story which did not bother to name him By that point the text would have been by a generally unknown author and there would have been no reason to redact his name from it This would place the original redaction sometime before 450 AD and likely in Byzantine Palestine

The Legends of the Jews: From the Creation to Jacob Louis Ginzberg,1912 Divine Mysteries in the Enochic Tradition Andrei A. Orlov,2023-07-24 The book represents an in depth investigation of acquisition cultivation and transmission of divine mysteries in Jewish apocalyptic and mystical accounts by focusing on the developments found in early Enochic writings These accounts deal both with revelations unveiled by God and angels to the patriarch Enoch and with illicit transmission of divine knowledge by the rogue group of the fallen angels known as the Watchers Orlov argues that the map of otherworldly knowledge revealed to Enoch inversely mirrors the map of illicit revelations given by the fallen Watchers to humankind The study suggests that one of the possible objectives for the parallelism is that by revealing to Enoch the same divine mysteries that were earlier transmitted by the Watchers God attempts to mitigate the corruption caused by the fallen angels illicit instructions This book will be of interest not only for scholars specializing in historical and religious areas but also for experts in the fields of anthropology philosophy sociology psychology and gender theory it discusses several aspects of early and late Jewish religious epistemologies that elucidate the ideological context for the construction and affirmation of social roles and identities in various Jewish milieus
