Audio Of Rilkesbook Of Hours:

The Book of Hours Rainer Maria Rilke,2001 This a complete translation of Rainer Maria Rilke s The Book of Hours that restores to the English speaking reader a critical work in the development of a significant figure in 20th century German poetry Conveying an almost mystical conception of the relationship between God the human being and nature The Book of Hours Das Stundenbuch first published in 1905 is a series of intimate prayers written as if by a Russian monk turned painter writings that bring to bear the profound influence of Rilke s journeys to Russia and Italy at the turn of the century

Rilke's Book of Hours Anita Barrows,2005-11-01 A FINALIST FOR THE PEN WEST TRANSLATION AWARD The 100th Anniversary Edition of a global classic containing beautiful translations along with the original German text While visiting Russia in his twenties Rainer Maria Rilke one of the twentieth century s greatest poets was moved by a spirituality he encountered there Inspired Rilke returned to Germany and put down on paper what he felt were spontaneously received prayers Rilke s Book of Hours is the invigorating vision of spiritual practice for the secular world and a work that seems remarkably prescient today one hundred years after it was written Rilke s Book of Hours shares with the reader a new kind of intimacy with God or the divine a reciprocal relationship between the divine and the ordinary in which God needs us as much as we need God Rilke influenced generations of writers with his Letters to a Young Poet and now Rilke s Book of Hours tells us that our role in the world is to love it and thereby love God into being These fresh translations rendered by Joanna Macy a mystic and spiritual teacher and Anita Barrows a skilled poet capture Rilke s spirit as no one has done before

Experiencing Gigli with Quality Audio Paul James,2021-08-03 Music is a foundational language of being human The singing voice can speak and depict the human condition with great expressiveness and plays a hugely important role in music However scant attention has been paid to vocal reproduction in hi fidelity reproduction of music Despite his huge profile as an opera singer now many years after his passing Beniamino Gigli has been overlooked by many These two themes intersect as no artist no longer living can be better recognised than being brought back to life by playing their music Yet with a singing voice as remarkable as Gigli s no ordinary attempt at audio reproduction will do it justice Not only does this book explore and explain what is involved in the hi fidelity reproduction of the voice it also discusses why Gigli s singing is special and is still relevant in our musical era His music highlights in stark relief changes that have happened in the recording and playback of music In addition while changes to listening practices have been well studied the implications for the experience of music have not As Ernest Hemmingway said most people never listen Listening is an art choice and gift Through Gigli this book also provides insights into the value of thoughtful listening Listening begins and ends with and is inseparable from patience When we make the time music can gives us a glimpse of something beyond the horizons of materialism or our contemporary values
