A Private Family Matter A Private Family Matter:

Family Matters Hilde Løvdal Stephens,2019-10-15 The first full length study of a pivotal figure in American evangelical faith James Dobson child psychologist author radio personality and founder of the Christian conservative organization Focus on the Family published his first book Dare to Discipline in 1970 and quickly became the go to family expert for evangelical parents across the United States as American evangelicalism rose as a major political force The family expert became a leading voice in the Reagan Revolution and played a role in making American evangelicals even more firmly associated with the Republican Party Dobson s principle beliefs are that the family is the center of Christian America and that the traditional family must be defended from perceived threats such as gay rights feminism abortion and the secularization of public schools Dobson and Focus on the Family dominated Christian media through print radio and online venues and their message reached millions of American evangelical households shaping the cultural sensibilities and political attitudes of evangelical families throughout the culture wars from the 1980s into the 2000s Family Matters James Dobson and Focus on the Family s Crusade for the Christian Home by Hilde L vdal Stephens is an insightful history and analysis of James Dobson s rise to fame effect on American evangelical culture and subsequent descent from relevance Extensively researched L vdal Stephens scoured through Dobson s books articles and other materials published by Focus on the Family in order to explore how evangelicals defined and defended the traditional family as an ideal and as a symbol in an ever changing world By contextualizing the history of Dobson s reign L vdal Stephens s discerning analysis fills an important gap in our understandings of the politics and culture of late twentieth century conservative Christianity in the United States She explores complex topics ranging from Dobson s celebration of what he believes are timeless biblical values such as maintaining strict and defined gender roles to the ways Dobson and Focus on the Family balanced their basic ideals with real everyday lives of average American evangelical families facing the realities of divorce working mothers and other perceived threats to the traditional family **Public Health Matters: Pandemic, Policies, Processes** Noor Hazilah Abd Manaf,Yong Kang Cheah,Noor'ain Mohamad Yunus,2022-05-27 ,2018-09-20 MEET MRS GREEN GOOD COOK EVIL POISONER When Mrs Green entered domestic service as a cook in the 1920s she had no idea she was going to end up as a convicted criminal Anyone who personally knew her was convinced she was innocent But when a German diplomat dropped down dead after attending a dinner party she d cooked for suspicions were raised The fact that she had a Jewish background counted against her Had she poisoned him It was now a time of political tensions in Europe and the authorities were quick to act A conniving British politician leads the way Either prosecute Mrs Green or risk offending the Germans and starting a war Unfortunately there were just too many powerful people ranged against her A miscarriage of justice and a guilty verdict seals her fate Somehow she will have to find a way out of her terrible predicament But three questions remained What was the butler up to Was Mrs Green really as innocent as she claimed to be And who was the mysterious person she kept writing to *Health*

Insurance is a Family Matter Institute of Medicine,Board on Health Care Services,Committee on the Consequences of Uninsurance,2002-10-18 Health Insurance is a Family Matter is the third of a series of six reports on the problems of uninsurance in the United Sates and addresses the impact on the family of not having health insurance The book demonstrates that having one or more uninsured members in a family can have adverse consequences for everyone in the household and that the financial physical and emotional well being of all members of a family may be adversely affected if any family member lacks coverage It concludes with the finding that uninsured children have worse access to and use fewer health care services than children with insurance including important preventive services that can have beneficial long term effects Spoilsports Celia Brackenridge,2002-08-26 Sexual exploitation in sport is a problem that has beset both male and female athletes privately for decades but which has only recently emerged as a public issue Spoilsports is the first comprehensive review of this issue integrating pioneering academic research theoretical perspectives and practical guidelines for performers coaches administrators and policy makers Key topics include moral panic children s rights masculinity and power making and implementing policy leadership in sport Spoilsports draws extensively on the personal experiences of athletes and those involved in sport Challenging and controversial this book represents an important step towards tackling a difficult issue It is essential reading for coaches athletes parents policy makers and all those with a personal or professional interest in sport Handbook of Autobiography / Autofiction Martina Wagner-Egelhaaf,2019-01-29 Autobiographical writings have been a major cultural genre from antiquity to the present time General questions of the literary as e g the relation between literature and reality truth and fiction the dependency of author narrator and figure or issues of individual and cultural styles etc can be studied preeminently in the autobiographical genre Yet the tradition of life writing has in the course of literary history developed manifold types and forms Especially in the globalized age where the media and other technological cultural factors contribute to a rapid transformation of lifestyles autobiographical writing has maintained even enhanced its popularity and importance By conceiving autobiography in a wide sense that includes memoirs diaries self portraits and autofiction as well as media transformations of the genre this three volume handbook offers a comprehensive survey of theoretical approaches systematic aspects and historical developments in an international and interdisciplinary perspective While autobiography is usually considered to be a European tradition special emphasis is placed on the modes of self representation in non Western cultures and on inter and transcultural perspectives of the genre The individual contributions are closely interconnected by a system of cross references The handbook addresses scholars of cultural and literary studies students as well as non academic readers **Local Action/Global Change** Julie A.
