Stress-Free Discipline Sara Au, Peter Stavinoha, Ph.D., 2015-04-01 Many moments in parenting seem unavoidable Your preschooler will throw fits Your third grader will try to get out of doing homework even if it means lying A budding tween will dish out insults And a teenager will simply take off for who knows where At each stage they are trying to test your boundaries and sometimes your patience While this may be a natural part of growing up that doesn t mean any of these actions are acceptable or excusable So what does a parent do Stress Free Discipline knows that the one size fits all discipline methods many experts tout can actually be too narrow for some concerns Instead parents need to learn how to determine the root cause behind their child s issue which will then help explain what is driving the behavior why it s probably more normal than the parent realizes how to prevent further escalations and how to instill self control Once parents grasp the underlying motivation they can select the strategy that fits their child s age temperament and issue including role modeling setting limits positive reinforcement negative consequences disengagement and deploy it calmly and with confidence Complete with an arsenal of proven techniques as well as examples and exercises throughout to help parents personalize to their own unique situation Stress Free Discipline is the one stop resource that will prepare parents for any challenge from any stage Don t lead home without it *Raising Freethinkers* Dale McGowan, Molleen Matsumura, Amanda Metskas, 2009
