Breaking the Silence Cathy A. Malchiodi,1997 **Breaking the Silence** Cathy A. Malchiodi,1990 This volume demonstrates the power of art therapy as a tool for intervening with children from violent homes Emphasis is given to the short term setting where time is at a premium and circumstances are unpredictable because within this setting mental health practitioners often experience a sense of helplessness in their work with the youngest victims of abusive families In this new edition the author describes the intervention process from intake to termination highlighting the complex issues involved at various levels of evaluation and interpretation The text is augmented with 95 children s drawings which serve to fill the gap between theory and reality Specific topics include inherent frustrations for therapists working in battered women s shelters what to include in art evaluation evaluating child abuse and neglect group art intervention in shelters and art expression as assessment and therapy with sexually abused children Breaking Out of Silence; Breaking Into Song, a Music Therapy Model of Practice for Witnessing the Healing of Adult Survivors of Childhood Sexual Abuse ,1998 Storytelling and Other Activities for Children in Therapy Johanna Slivinske, Lee Slivinske,2011-03-16 A comprehensive collection of hundreds of thought provoking stories and activities for use in the treatment of children confronting difficult situations Storytelling and Other Activities for Children in Therapy provides professionals with the knowledge insight and tools to help children ages 6 to 12 and their families work through their treatment issues using storytelling and other activities This invaluable guide includes helpful activity sheets that gradually progress through four levels of inquiry representing readiness for self disclosure Imaginative and easy to use the stories and activities in this book are tied to relevant practice issues including Illness and disability School issues Anger and behavioral issues Social adjustment and shyness Divorce and parental separation Domestic violence Community violence Trauma and child abuse Substance abuse Death With an accompanying website allowing therapists to personalize and print stories as well as activity sheets to meet their needs and those of their clients Storytelling and Other Activities for Children in Therapy is an important tool in easing the pain of emotionally hurt children towards a discovery of their inner strengths and resilience for life These resources can be accessed at www.wiley.com/go/slivinske **Expressive Therapy with Traumatized Children** P. Gussie Klorer,2017-02-01 Expressive Therapy with Traumatized Children offers students in training and professionals who work with children an array of sensitive and creative ways to help even their most challenging patients The second edition builds upon cutting edge research in the neuroscience of trauma and art therapy to examine children s development alongside their understanding of trauma Including many new and revised case studies Klorer illustrates effective treatment strategies to offer patients alternative means of expression Klorer s rich and highly accessible teaching voice seamlessly weaves together art therapy theory research and cases into an invaluable resource for students and practitioners alike Dibs: In Search of Self Virginia Axline,2019-07-29 In 1947 Virginia Axline introduced professional psychotherapists to a new way of working with children

called Nondirective Play Therapy In 1964 she introduced the rest of the world to Dibs Dibs is silent Dibs is a mystery to his parents and teachers Dibs cannot be reached no matter how hard they try He hides under tables and lashes out at other children Some think he s incapable of learning and interacting in a regular classroom Some think he s emotionally disturbed Everyone is desperate to fix him except for Miss A Miss A as Dibs calls her believes that Dibs already knows the answers and can show her what he needs if she is patient enough accepting enough and observant enough Dibs parents think she s wasting her time trying to watch him play He doesn t play and he doesn t talk Dibs mother finally agrees to let Miss A try her methods but she s not holding her breath Miss A then introduces Dibs and us to her special play room where children can be just exactly who they truly are The room is not magical but the relationship between therapist and child is In the safety and freedom of this special relationship we begin to see what Axline meant when she first encouraged therapists to offer children the opportunity to play out these feelings and realize the power within themselves A must read classic for play therapists Charles E Schaefer PhD RPT S Professor Emeritus of Psychology Fairleigh Dickinson University Co Founder and Director Emeritus The Association for Play Therapy Dibs In Search of Self is a timeless account of Axline as play therapist advocate and partner in Dibs therapeutic journey I marvel at Axline s ability to encompass multiple roles while demonstrating integration in all of her interactions whether in the playroom conducting classroom observations or working with Dibs parents This is essential reading for play therapists child development and counseling practitioners Natalya Ann Lindo PhD LPC CCPT S CPRT S Associate Professor Counseling Program Coordinator University of North Texas There are many books on play therapy theory There are many books on play therapy techniques There is only one book that goes beyond theory and technique getting to the heart of what play therapy is all about Dibs captures the depth of connection and life changing impact that play therapy can engender between a child and a therapist Nick Cornett PhD LPC LMFT RPT Assistant Professor John Brown University **Break the Silence** Breaking the Silence Advocacy Group,2014 *Silent Lucidity* Olivia Benson,2017-11-10 In Judith Hermans book Trauma and Recovery The Aftermath of Violence from Domestic Abuse to Political Terror she emphasized how the conflict between the will to deny horrible events and the will to proclaim them aloud is the central dialectic of psychological trauma Finding the words to tell my story has been a long journey My coping was entrenched and denial was strong Healing from the messiness of childhood incest in and of itself is so shrouded with secrecy shame and humiliation that putting the words together in a way that will envelop an understanding of this atrocity that refused to be buried in my mind meant allowing myself to be vulnerable to the possibility of being shunned and dismissed as crazy It is about getting well enough to speak about without emotionally unraveling and becoming vulnerable to the stigmas that get attached to mental health While I have learned the significance of remaining silent until emotional health is obtained the silence kept me isolated and ashamed for far too long My book my words will shed light on how complicated the journey to health and wellness is while trying to maintain normalcy It entwines normal life experiences and looks closely at the

systems family relationships educational medical mental health and how they either helped or hurt the process Without looking at the progression of my life one could not see the dynamics of recovery Sharing this journey will provide practitioners both medical and mental health with a personal perspective of the road to recovery More importantly I have tried to communicate my journey in a way that will allow all of us to come a little closer to facing the unspeakable to take the power out of the word incest and to help adult survivors break the cycle of silence Breaking Out of Silence; Breaking Into Song [microform] : a Music Therapy Model of Practice for Witnessing the Healing of Adult Survivors of Childhood Sexual Abuse Chantal Jolly,1998 Psychotherapy with Children Clark E. Moustakas,1959
