August Macke And Switzerland:

August Macke and Switzerland August Macke, Klara Drenker-Nagels, 2013 August Macke 1887 1914 is regarded as one of the most outstanding protagonists of the Blaue Reiter movement At the heart of this publication is the young Expressionist's time at Rosengarten House on Lake Thun in Switzerland from October 1913 to June 1914 Macke developed a manner of painting entirely his own as evidenced by the numerous studies and oil paintings reproduced in this volume Here as with Cézanne's Mont Sainte Victoire we learn to view the landscape surrounding Lake Thun as a modernist topos The first publication to shed light on Macke's affinity for the country August Macke and Switzerland offers a revealing overview of how place and landscape can inform not only an artist's subject matter but also his style Readers are also offered glimpses into the trip to Tunisia that Macke, Paul Klee and Louis Moilliet planned in April 1914 during their Swiss sojourn August Macke and artworks August Macke, Walter Cohen, 2022-12-06 August Macke 1887 1914 was a master of German Expressionism a movement which sprang up in the early 1900s with the intent to forego physical reality in search of its emotional counterpart with a particular emphasis on expressing dark moods of tragedy and angst Macke was a master of color and form producing eye catching canvases that evoke a strong sympathetic reaction in the viewer He was equally at home portraying the sun drenched streets of Tunisia the cloudy sky around the Bonn cathedral and the faceless multitude of a crowded railway station In this compelling text Walter Cohen examines the brief life of an artist whose seemingly limitless potential was tragically cut short by his untimely death **Kandinsky and Klee in Tunisia** Roger Benjamin, Cristina Ashjian, 2015-08-18 Paul Klee experienced his 1914 trip to Tunisia as a major breakthrough for his art Color and I are one he famously wrote I am a painter Kandinsky and Klee in Tunisia sets the scene for Klee's breakthrough with a close study of the parallel voyage undertaken in 1904-5 by Wassily Kandinsky and Gabriele Münter who would later become Klee's friends This artist couple then at an early stage in their celebrated careers produced a rich body of painting and photography known only to specialists Paul Klee's 1914 trip with August Macke and Louis Moilliet in contrast is a vaunted convergence of cubism and the exotic Roger Benjamin refigures these two seminal voyages in terms of colonial culture and politics the fabric of ancient Tunisian cities visual ethnography and the tourist photograph The book looks closely at the cities of Tunis Sousse Hammamet and Kairouan to flesh out a profound confrontation between European high modernism and the wealth of Islamic lifeways and architecture Kandinsky and Klee in Tunisia offers a new understanding of how the European avant garde was formed in dialogue with cultural difference Historical Dictionary of Switzerland Leo Schelbert, 2014-05-21 Switzerland's exceptional scenic beauty of valleys lakes and mountains its central location on international trade routes and its world famous banking system are just a few elements that have contributed to its rise in the global market It consists of twenty six member states called cantons and it's actively engaged in the maintenance of peace among nations The history of the Swiss Confederation is as rich and varied as its culture and people This updated second edition of Historical Dictionary of Switzerland features the

nation's multicultural and democratic traditions and institutions its complex history and its people's involvement in past and present world affairs This is done through a list of abbreviations and acronyms a chronology an introduction appendixes maps a bibliography and over 500 cross referenced dictionary entries on important persons places events and institutions as well as significant political economic social and cultural aspects This book is an excellent access point for students researchers and anyone who wants to know more about Switzerland **The World and Its Peoples: Germany: Germany, Switzerland, Liechtenstein** ,1964 *Switzerland* ,1971 *German Expressionism at Lawrence University* Lawrence University,Erika Esau,1988 *The Expressionist Roots of Modernism* Peter Lasko,2003 This book explores the beginnings of the interior design profession in nineteenth century France Drawing on a wealth of visual sources from collecting and advice manuals to pattern books and department store catalogues it demonstrates how new forms of print media were used to sell the idea of the unified interior as a total work of art enabling the profession of interior designer to take shape In observing the dependence of the trades on the artistic and public visual appeal of their work Interior decorating in nineteenth century France establishes crucial links between the fields of art history material and visual culture and design history **German Expressionists Paintings, Drawings, Watercolors, Sculpture** Leonard Hutton Galleries,1972 *German Expressionism* Dorothy Price,2020-06-24 This book presents new research on the histories and legacies of the German Expressionist group Blaue Reiter the founding force behind modernist abstraction For the first time Blaue Reiter is subjected to a variety of novel inter disciplinary perspectives ranging from a philosophical enquiry into its language and visual perception to analyses of its gender dynamics its reception at different historical junctures throughout the twentieth century and its legacies for post colonial aesthetic practices The volume offers a new perspective on familiar aspects of Expressionism and abstraction taking seriously the inheritance of modernism for the twenty first century in ways that will help to recalibrate the field of Expressionist studies for future scholarship Blaue Reiter still matters the contributors argue because the legacies of abstraction are still being debated by artists writers philosophers and cultural theorists today
