Aaker, 2010 As industries turn increasingly hostile it is clear that strong brand building skills are needed to survive and prosper In David Aaker's pathbreaking book MANAGING BRAND EQUITY managers discovered the value of a brand as a strategic asset and a company's primary source of competitive advantage Now in this compelling new work Aaker uses real brand building cases from Saturn General Electric Kodak Healthy Choice McDonald's and others to demonstrate how strong brands have been created and managed A common pitfall of brand strategists is to focus on brand attributes Aaker shows how to break out of the box by considering emotional and self expressive benefits and by introducing the brand as person brand as organisation and brand as symbol perspectives A second pitfall is to ignore the fact that individual brands are part of a larger system consisting of many intertwined and overlapping brands and subbrands Aaker shows how to manage the brand system to achieve clarity and synergy to adapt to a changing

environment and to leverage brand assets into new markets and products As executives in a wide range of industries seek to prevent their products and services from becoming commodities they are recommitting themselves to brands as a foundation of business strategy This new work will be essential reading for the battle ready *Brand Equity & Advertising* David A. Aaker, Alexander L. Biel, 2013-10-31 The tenth annual Advertising and Consumer Psychology Conference held in San Francisco focused on branding a subject generating intense interest both in academia and in the real world The principle theory behind these conferences is that much can be gained by joining advertising and marketing professionals with academic researchers in advertising Professionals can gain insight into the new theories measurement tools and empirical findings that are emerging while academics are stimulated by the insights and experience that professionals describe and the research questions that they pose This book consists of papers delivered by experts from academia and industry discussing issues regarding the role of advertising in the establishment and maintenance of brand equity making this volume of interest to advertising and marketing specialists as well as consumer and social psychologists **Summary: Building Strong Brands** BusinessNews Publishing, 2013-02-15 The must read summary of David Aaker's book Building Strong Brands How the Best Brand Managers Build Brand Equity This summary of the ideas from David Aaker's book Build Strong Brands shows that a strong brand creates customer interest and loyalty and can be an organization's most valuable strategic asset In fact brand equity is historical the current brand image is derived from actions previously taken Therefore the process of adding value to a brand so that it has greater equity in the future is termed a brand identity program Through the integration of additional product attributes organizational attributes personality characteristics and visual imagery including symbols the brand identity program adds value to the brand in the future In essence this summary highlights that a strong brand is the strategic asset which holds the key to the long term performance of any organization any initiative focused on building the value of the brand is integral to the long term viability of the organization itself Added value of this summary Save time Understand the key concepts Increase your business knowledge To learn more read Building Strong Brands and discover a useful book to develop successful organizations *Building Strong Brands* David A. Aaker, 2011-11-08 As industries turn increasingly hostile it is clear that strong brand building skills are needed to survive and prosper In David Aaker's pathbreaking book Managing Brand Equity managers discovered the value of a brand as a strategic asset and a company's primary source of competitive advantage Now in this compelling new work Aaker uses real brand building cases from Saturn General Electric Kodak Healthy Choice McDonald's and others to demonstrate how strong brands have been created and managed A common pitfall of brand strategists is to focus on brand attributes Aaker shows how to break out of the box by considering emotional and self expressive benefits and by introducing the brand as person brand as organization and brand as symbol perspectives The twin concepts of brand identity the brand image that brand strategists aspire to create or maintain and brand position that part of the brand identity that is to be actively communicated play a key role in managing

the out of the box brand A second pitfall is to ignore the fact that individual brands are part of a larger system consisting of many intertwined and overlapping brands and subbrands Aaker shows how to manage the brand system to achieve clarity and synergy to adapt to a changing environment and to leverage brand assets into new markets and products Aaker also addresses practical management issues introducing a set of brand equity measures termed the brand equity ten to help those who measure and track brand equity across products and markets He presents and analyzes brand nurturing organizational forms that are responsive to the challenges of coordinated brands across markets products roles and contexts Potentially destructive organizational pressures to change a brand s identity and position are also discussed As executives in a wide range of industries seek to prevent their products and services from becoming commodities they are recommitting themselves to brands as a foundation of business strategy This new work will be essential reading for the battle ready
