Xenical Tammy Havertz, 2021-06-04 Xenical is used with a doctor approved exercise behavior change and reduced calorie diet program to help you lose weight It is used by certain overweight people such as those who are obese or have weight related medical problems Taking Xenical can also help keep you from gaining back weight you have lost Losing weight and keeping it off can lessen the many health risks that come with obesity including heart disease diabetes high blood pressure and a shorter life Dietary fats need to be broken down into smaller pieces before the body can absorb them Xenical works by blocking the enzyme that breaks down fats in your diet This undigested fat then passes out of your body in your bowel movement Xenical does not block the absorption of calories from sugar and other non fat foods so you still need to restrict your total intake of calories How to use Xenical If you are taking the over the counter product to self treat read all directions on the product package before taking this medication If your doctor has prescribed this medication read the Patient Information Leaflet if

available from your pharmacist before you start taking Xenical and each time you get a refill Take this medication as directed by your doctor by mouth with liquid sometime during each meal that contains fat or within 1 hour after the meal usually 3 times daily If you miss a meal or your meal contains no fat skip that dose of the medication To decrease the chance of unpleasant side effects it is very important that no more than 30% of the calories in your diet come from fat Your daily intake of fat protein and carbohydrates should be evenly spread over 3 main meals Do not increase your dose or use this drug more often or for longer than prescribed Your condition will not improve any faster and your risk of side effects will increase Because this drug can interfere with the absorption of certain vitamins fat soluble vitamins including A D E K a daily multivitamin supplement containing these nutrients is recommended Take the multivitamin at least 2 hours before or 2 hours after taking Xenical such as at bedtime Get your copy today by scrolling up and clicking Buy Now to get your copy today
